

INSTRUCTION – DISPLAY OR DISTRIBUTION OF MATERIALS BY OUTSIDE
ORGANIZATIONS/AGENCIES

From time to time outside organizations/agencies may have an interest and legitimate need to display or distribute materials to students. The school district has the right to preview and/or reject materials for display or distribution. To this end, any outside organization/agency wishing to display or distribute materials of any nature in the schools must first obtain permission to do so from the school district office. The administration is hereby directed to develop such procedures as it feels necessary to effectively implement this policy.
