Central Elementary Title I teachers provide the service of *Guided Reading*. The team pulls groups out of class – not always low performing students. Every child has the opportunity to be with each adult on a rotating basis. In each session, students receive 25 minutes of quality time. The team has good communication with teachers, and follows classroom curriculum guidelines. *Reading Recovery* is provided simultaneously.

### **Reading Kits for 2013-2014**

Central Elementary Title I teachers had parents assist with the assembly of book packets for students.
