

# Early Childhood Screening

2014-2015

Bemidji Area Schools

In order for your child to start kindergarten in any Minnesota public school s/he must participate in early childhood screening. Screening includes vision, hearing, height, weight, speech/language and developmental observations. We offer these screenings throughout the school year. Ideally children are screened between the ages of 3 1/2 – 4 years old or earlier, if parents have concerns about their child's development. There is no cost for the screening. Please call Sue at 333-8329 to schedule an appointment for your child!

Upcoming screening dates for the 2014-2015 school year will be available soon.
