

2018-19 Bemidji Area Schools Early Childhood Screening

In order for your child to start kindergarten in any Minnesota public school (s)he must participate in early childhood screening. Screening includes vision, hearing, height, weight, speech/language and developmental observations. We offer these screenings throughout the school year. Ideally children are screened between the ages of 3 ½ - 4 years old, or earlier if parents have concerns about their child's development. There is no cost for the screening. Please call Sue at 333-8329 to schedule an appointment for your child!

Upcoming screening dates for the 2018-19 school year are:
