ARTICLE I

PURPOSE

This Agreement is entered into between the School Board of INDEPENDENT SCHOOL DISTRICT NO. 31, Bemidji, Minnesota, hereinafter referred to as the District, and the BEMIDJI EDUCATION ASSOCIATION, hereinafter referred to as the exclusive representative, pursuant to and in compliance with the Public Employment Labor Relations Act, as amended, hereinafter referred to as P.E.L.R.A., to provide the terms and conditions of employment for teachers during the duration of this Agreement.

ARTICLE II

RECOGNITION OF EXCLUSIVE REPRESENTATION

Section 1. Recognition

In accordance with P.E.L.R.A., the District recognizes the Bemidji Education Association as the exclusive representative of teachers employed by the District, which exclusive representative shall have those rights and duties as prescribed by P.E.L.R.A. and described in the provisions of this Agreement.

Section 2. Appropriate Unit

The exclusive representative shall represent all the teachers of the District as defined in this Agreement and in said Act.

ARTICLE III

DEFINITIONS

Section 1. Terms and Conditions of Employment

The term, "terms and conditions of employment", means the hours of employment, the compensation thereof including fringe benefits except retirement contributions or benefits, and the District's personnel policies affecting the working conditions of the teachers. The term does not mean educational policies of the School District. The terms are subject to the provisions of P.E.L.R.A.

Section 2. Teacher

The word/term, "teacher", means any person defined as a teacher by P.E.L.R.A.

Section 3. District or School District

For purposes of administering this Agreement, the word/term, "District/School District", shall mean the School Board or its designated representative(s).

Section 4. Other Terms

Terms not defined in this Agreement shall have those meanings as defined by P.E.L.R.A.

ARTICLE IV

DISTRICT RIGHTS

Section 1. Inherent Managerial Rights

The exclusive representative recognizes that the District is not required to meet and negotiate on matters of inherent managerial policy, which include, but are not limited to, such areas of discretion or policy as the

functions and programs of the District, its overall budget, utilization of technology, the organizational structure, and selection and direction and number of personnel.

Section 2. Managerial Responsibilities

The exclusive representative recognizes the right and obligation of the School Board to efficiently manage and conduct the operation of the District within its legal limitations and with its primary obligation to provide educational opportunity for the students of the District.

Section 3. Effect of Laws, Rules, and Regulations

The exclusive representative and the School Board recognize the right, obligation, and duty of the School Board and its duly designated officials to promulgate rules, regulations, directives, and orders from time to time as deemed necessary by the School Board insofar as such rules, regulations, directives, and orders are not inconsistent with the terms of this Agreement, and all provisions of this Agreement are subject to the laws of the State of Minnesota, federal laws, rules and regulations of the State Board of Education, and valid rules, regulations, and orders of State and Federal governmental agencies. Any provisions of this Agreement found to be in violation of any such laws, rules, regulations, directives, or orders shall be null and void and without force and effect.

Section 4. Reservation of Managerial Rights

The foregoing enumeration of rights and duties shall not be deemed to exclude other inherent management rights and management functions not expressly reserved herein, and all management rights and management functions not expressly delegated in the Agreement and not in violation of the laws of the State of Minnesota are reserved to the District.

ARTICLE V

TEACHER RIGHTS

Section 1. Guaranteed Rights

The District shall not deprive any teacher of the enjoyment of any right guaranteed to the teacher by P.E.L.R.A. or other laws of Minnesota or the constitutions of Minnesota and the United States.

Section 2. Promulgated Rights

Nothing contained herein shall be construed to deny or restrict any rights any teacher may have under rules and regulations duly promulgated by the School Board.

Section 3. Access to Files

All evaluations and files, wherever generated, relating to each individual teacher shall be available during regular District business hours to each individual teacher upon his or her written request. The teacher shall have the right to reproduce any of the contents of the files at the teacher's expense and to submit for inclusion in the file written information in response to any material contained therein; provided, however, the District may destroy such files as provided by law. No material shall be placed in a teacher's personnel file unless he/she is provided a copy of the material prior to its placement. Failure to provide a copy to the teacher shall result in the material being removed from the file until the teacher is provided a copy.

Section 4. Teacher Reprimand and Discipline

Subd. 1. Proper Cause

No teacher shall be denied any scheduled salary increase or deprived of any professional advantage without proper cause and due notice.

Subd. 2. Representation

No formal disciplinary action shall be taken against a teacher without proper cause, and no material shall be placed in a teacher's personnel file as a result of disciplinary proceedings without the teacher first

being afforded the opportunity to be represented by the exclusive representative. The teacher may waive such representation.

Subd. 3. Information

All information forming the basis for disciplinary action shall be made available in writing to the teacher.

Section 5. Dues Checkoff

Teachers shall have the right to request and be allowed dues checkoff for the teacher organization of their choice unless forbidden by law. Upon receipt of a properly executed authorization card of the teacher involved, which includes a statement of the total amount to be withheld, the District will deduct from the teacher's pay check the dues the teacher has agreed to pay to the teacher organization in equal deductions from each pay check commencing October 15 and continuing through May 31 and shall forward such dues to the teacher organization within ten days of each deduction. The authorization card including the statement of the amount of dues to be deducted shall be presented to the District no later than thirty days prior to the date of the first scheduled deduction.

The exclusive representative hereby warrants and covenants that it will defend, indemnify, and save the District harmless from any and all actions, suits, claims, damages, judgments, and executions or other forms of liability, liquidated or unliquidated, that any person may have or claim to have, now or in the future, arising out of or by reason of the dues deduction specified by the exclusive representative as provided in this Agreement.

ARTICLE VI

EXCLUSIVE REPRESENTATIVE RIGHTS

Section 1. Right to Conduct Business

Duly authorized representatives of the exclusive representative shall be permitted to transact official business on District property at all reasonable times, provided that this shall not interfere with or interrupt normal school operations nor result in the neglect of assigned duties.

Section 2. Use of Equipment

The exclusive representative shall have the right to use District equipment, including typewriters, computers, e-mail, fax machines, duplicating equipment, calculating machines, and audio visual equipment at reasonable times when such equipment is not otherwise in use, provided the following conditions are met:

- (a) The exclusive representative provides qualified personnel to operate the equipment.
- (b) Permission first shall be obtained from the principal of the building where the equipment is located.
- (c) The exclusive representative will pay for the cost of all materials and supplies incidental to the use of the equipment. For photocopying matter, the cost provided for herein shall be 15 cents per sheet.

Section 3. Access to Information

The District shall provide, upon the written request of the exclusive representative, all information pertaining to the budget both present and proposed, revenues and other financial information. The District and the exclusive representative shall furnish each other all material relevant to a submitted grievance.

ARTICLE VII

Continuing contract teachers employed for less than full time will receive amounts proportional to their contracted teaching

Eligible employees electing this option shall be limited to no more than four (4) reimbursement claims per plan year payable on October 15th, January 15th, April 15th, and/or July 15th for claims submitted by the last business day of the preceding calendar month. - (g) Long-Term Care
 - (1) teacher, or
 - (2) teacher and spouse coverage

Effective July 1, 2022, for any teacher enrolled in dependent/family health insurance coverage, the District shall pay for full time teachers an additional \$300 per month for the dependent/family health insurance premiums for each month during which they are enrolled in a dependent/family health insurance plan. Teachers employed for less than full time will receive this contribution for dependent/family health insurance premiums proportional to their contracted teaching time. Any teacher whose spouse is also covered by the terms of this agreement shall receive a combined maximum of \$300 additional per month for dependent/family health insurance coverage.

Any cost of the insurance selected over and above the amount paid by the District shall be paid by the teacher through payroll deduction.

Subd. 1. District's Obligation

The District's only obligation is to purchase insurance policies and pay such amounts as agreed to herein, and no claim shall be made against the District as a result of a denial of insurance benefits by an insurance carrier.

Subd. 2. Availability of Options

The availability of insurance options identified above is dependent upon sufficient enrollments to ensure bids by insurance carriers, and the School Board will exercise sole discretion in the selection of the insurance carrier(s).

Subd. 3. Effective Dates

In each bargaining year, within three weeks of ratification of the Agreement by both parties, all teachers shall be eligible to participate in an open enrollment period during which time they may submit new enrollment forms indicating any change in insurance coverage which they desire for that school year. In all years, teachers shall return to the business office, by 4:30 p.m. on September 8, completed enrollment forms indicating their insurance options for that year. If September 8 falls on a weekend or holiday, the enrollment forms shall be returned by 4:30 p.m. on the first business day following. Once an option has been exercised, it may not be changed until the following Agreement year enrollment period, except during open enrollment periods established hereunder. Failure to submit signed enrollment forms by the deadlines specified will nullify a teacher's right to change the insurance options, and there will be no change in that teacher's insurance benefits for that year.

Subd. 4. Health Care Savings Plan

Effective ~~July 1, 2022~~, **July 1, 2023** the employer, at the end of each fiscal year, shall place any unused benefit dollars, up to a maximum of ~~\$5,000~~ **70%**, of the District provided contribution as outlined in Article VII, Section 1, into a Minnesota State Retirement System (MSRS) Health Care Savings Plan (HCSP) for each eligible employee.

If it is determined that any part of Subd. 4. does not comply with MSRS requirements or is in violation of any Minnesota state or Federal rules and regulations, statutes or laws the subdivision shall be null and void and no payments shall be made.

Section 2. Term Life Insurance

For all full-time teachers the District will pay directly to the insurance carrier selected by the District the premium for \$50,000 coverage term life insurance, including accidental death and dismemberment protection, during the period the teacher is employed with the District. This section shall be implemented and effective within thirty (30) days following ratification of this agreement.

Section 3. Retiree Insurance or Health Care Savings Plan

Subd. 1. Eligibility

To be entitled to the benefits identified in Subd. 1. and 2., a teacher must have been employed by the District before January 1, 2012, and meet the following requirements.

- (a) At the time of retirement, the teacher shall be a full-time teacher with a continuing contract. If a full-time continuing contract teacher of fifteen (15) years or more has less than a full-time contract any time during the last three (3) years of service, he or she will qualify for benefits under this subdivision.
- (b) At the time of retirement, the teacher qualifies if he or she is TRA eligible and he/she has a minimum of fifteen (15) years in the District.

Subd. 2. Funding and Limitations

- (a) The maximum amount payable on behalf of any retired qualifying teacher retiring after July 1, 2003, shall be \$875 times the number of years of service to the District up to 32 years.
- (b) Teachers are eligible to participate in the Minnesota Post Employment Health Care Savings Plan (HCSP) established under Minnesota Statutes, section 352.98 and as outlined in the Minnesota State Retirement System's Trust and Plan Documents. All funds payable under Subd. 2. (b) will be deposited into the employee's post-employment health care savings plan account.
- (c) Upon the death of a teacher eligible for benefits under (b) and (c) of this Subdivision; any payment owed but not remitted to the Minnesota Post Employment Health Care Savings Plan (HCSP), will be paid in cash to the surviving spouse or the teacher's estate.

Subd. 3. Health Care Savings Plan

Teachers hired on or after January 1, 2012, will be eligible to participate in Subd. 3. only. Teachers are eligible to participate in the Minnesota Post Employment Health Care Savings Plan (HCSP) established under Minnesota Statutes, section 352.98 and as outlined in the Minnesota State Retirement System's Trust and Plan Documents. All funds payable under this subdivision will be deposited into the employee's post employment health care savings plan account.

The District shall contribute an annual payment in the amount of \$1,500.00 to all full time teachers, hired on or after January 1, 2012; beginning with their 15th year of service and continuing through their 32nd year of service. The annual payment shall be deposited in the teacher's HCSP account in equal amounts over each pay period.

Section 4. Health, and Hospitalization Insurance

Teachers shall be eligible to remain in the existing group health and hospitalization insurance program if permitted by law and the terms of the insurance program. All retired teachers electing to remain in the group term life insurance program may be placed in a separate subgroup for the purposes of rate determination. Such eligibility shall continue until the teacher has full-time employment elsewhere. To qualify for and to maintain this eligibility, the teacher must notify the District in writing and must pay the full premiums in advance installments.

ARTICLE VIII

LEAVES OF ABSENCE

Section 1. Sick Leave and Absence

Subd. 1. Amount and Accumulation

Commencing with this Agreement, each continuing contract full-time teacher will be granted 12 days of sick leave for each school year with unused, annual sick leave accumulating to a maximum of 150 days. Sick leave may also be used for serious illness in the immediate family. For the purpose of this subdivision, "serious illness" is defined as an illness of such a nature that a physician's attention is required, and "immediate family" is defined as spouse, parent, child (includes adult child), stepchild, sibling, grandparent, grandchild, stepparent, parent in-law, sister in-law, brother in-law, or any member of the teacher's household, **or as defined by applicable state or federal law.**

Subd. 2. Bereavement

In the event of death in the immediate family, up to five (5) days of sick leave may be used for bereavement. For the purposes of this subdivision, "immediate family" is defined as spouse, child (includes adult child), parent, step-child, sibling, son-in-law, parent in-law, daughter-in-law, brother-in-law, sister-in-law, grandchild, grandparent, spouse's grandparent or grandchild, or any member of the teacher's household. Up to one (1) day of sick leave may be used for bereavement in the event of the death of an aunt, uncle, niece, or nephew. ~~The Superintendent has the discretion to extend~~ **Up to one day per school year may be used as bereavement leave, deductible from sick leave,** for the funeral of a person who had a close personal relationship to the teacher, but who was not a member of the teacher's immediate family. ~~The Superintendent's decision is not subject to the grievance procedure and will not be considered as precedent in other cases.~~

Subd. 3. Medical Certificate

The District may require a medical certificate or other reasonable proof of necessity for the granting of the leave. **Failure to provide required medical certification or other reasonable proof of necessity for sick leave within thirty (30) days of such request may result in the leave being recorded as an absence without pay.**

Subd. 4. Required Form

Sick leave pay shall be approved only upon submission of a signed request for leave form available at the office. Teachers shall receive a copy of this form for their files within five days of approval or disapproval.

Subd. 5. Sick Leave Bank

(a) Statement of Intent

A sick leave bank shall be established and may only be used by teachers who are physically incapable of performing their duties due to accident, childbearing (up to a maximum of six weeks inclusive of any personal sick leave accrual used), or serious illness after they have used their personally accumulated sick leave. It may not be used for any other type of leave provided for

in this Agreement. All deductions from this bank will be made only with the approval of the exclusive representative for sick leave days approved by the District. No teacher shall be allowed to use more than 90 days per year from the sick leave bank during any fiscal year and for no more than two consecutive fiscal years. Before a teacher may access the sick leave bank, he/she shall receive a salary deduction for the first two (2) days. The Superintendent or designee shall have the discretion to grant reimbursement for any salary deduction in cases where the accident or serious illness results in the teacher missing at least 15 consecutive days or an on-going/chronic health condition exists that results in intermittent absences that are directly related to a previously approved sick leave bank request. The Superintendent's decision will not be considered precedent setting in other cases.

(b) Limitation

Following the use of the sick leave bank days after the second consecutive year, the teacher may submit a request to the Superintendent who is authorized to grant the use of additional sick leave bank days. The Superintendent's action will not be subject to the grievance procedure and not considered precedent setting. However, in the case of denial on the part of the Superintendent, the teacher may appeal to the personnel committee of the Board of Education.

(c) Implementation

The sick leave bank shall be maintained in the following manner. Each teacher shall contribute two (2) days from his/her accumulated sick leave. Each new teacher shall contribute one day to the sick leave bank during each of their first two years of employment. A teacher is automatically a member of the sick leave bank.

When the sick leave bank is depleted to 50 days, there will be an automatic two (2) days withdrawn from the accumulated sick leave of all teachers. Should the sick leave bank become depleted, any teacher who does not have sick leave will not be denied access to the sick leave bank and must contribute two days to the bank from the twelve days received the following school year.

In July of each calendar year, additional days will be added to the sick leave bank in an amount equal to the number of days deducted from the sick leave balances of all teachers who are in excess of the 150 day maximum sick leave balance on June 30th of each fiscal year.

Teachers who retire from the District with fifteen (15) or more years of service, will deposit ten percent (10%) of their remaining unused sick leave accrual at the time of their retirement into the sick leave bank up to a maximum of fifteen (15) days.

(d) Teachers who have exhausted their personal sick leave will earn sick leave for the time they are accessing the sick leave bank. Teachers who have exhausted their personal sick leave as well as ninety (90) days in the sick leave bank, shall no longer be eligible for paid sick leave.

Subd. 6. Pro-rating of Sick Leave

Sick leave, including its accrual, shall be pro-rated for other than continuing contract full-time teachers on the basis of the number of days worked relative to the number of days in the school year.

Section 2. Workers' Compensation

Subd. 1. Payment

Upon the request of a teacher who is absent from work as a result of compensable injury incurred in the service of the District under the provisions of the Workers' Compensation Act, the District will pay the difference between the compensation received pursuant to the Workers' Compensation Act by the teacher and the teacher's regular rate of pay to the extent of the teacher's earned accrual of sick leave.

Subd. 2. Formula

A deduction shall be made from the teacher's sick leave accrual time according to the pro rata portions of days of sick leave which are used to supplement workers' compensation.

i.e. Fraction of sick leave deducted per day of absence =
$$\frac{\text{Teacher's daily wage} - \text{Daily workers' compensation received by teacher}}{\text{The teacher's daily wage}}$$

Subd. 3. Duration

Such payment shall be paid by the District to the teacher only during the period of disability.

Subd. 4. Ceiling

In no event shall the additional compensation paid to the teacher by virtue of sick leave pay result in the payment of a total daily, weekly, or monthly compensation that exceeds the normal compensation of the teacher.

Section 3. Absence With Pay

Subd. 1. Personal Leave

The teacher will, at his or her option and upon written request to the Superintendent within 90 days of the teacher's return to work, be paid full salary for any work days missed during the period of such absence up to the number of sick leave days accumulated by the teacher on the date such leave commences. The number of days of such absence for which the teacher elects to receive salary shall be charged against the number of unused sick leave days with which he or she is so credited.

Subd. 2. Notification

As soon as a teacher knows that he or she will need a medical leave of absence, he or she shall notify the Superintendent **or designee** in writing of the nature of the disability and the approximate date he or she expects to begin and end the leave. The Superintendent may refuse to grant a medical leave of absence (or withhold from the final paycheck a sum sufficient to cover additional expenses caused by untimely notice) to any teacher who fails to provide timely notice of the need for such leave. Such notice shall be provided within five (5) working days of the time the teacher knows of the need for such leave.

Subd. 4. Medical Examination

The District reserves the right to require any teacher on medical leave of absence to be examined by a medical doctor of the District's choosing for the purpose of obtaining that doctor's opinion as to whether the teacher is able or unable to perform his or her regular duties. If the parties fail to agree on a third examining physician within ten (10) calendar days, the two doctors already involved in the evaluation will select the third examining physician. After the initial election of this option and notification of amount, such participation shall continue from year to year at the specified amount unless the teacher notifies the District in writing by ~~August 1~~ **May 20** in the format prescribed by the District. If ~~August 1~~ **May 20** falls on a weekend or holiday, written notice shall be returned by 4:30 p.m. on the first business day following. **All changes will be effective with the first pay date of the following contract year.**

In each bargaining year, within three weeks of ratification of the Agreement by both parties, all teachers shall be eligible to participate in an open enrollment period during which time they may file new Salary Reduction Agreements and Match Deferral Forms indicating any change they desire for that school year. Once a match option has been exercised, it may not be changed until the following Agreement year enrollment period as specified above. The amounts of contributions matched by the District for full-time teachers are limited by the following:

	MAXIMUM AMOUNT
YEARS OF SERVICE:	MATCHED:

Matching contributions made by the District to teachers electing to utilize this provision shall reduce the maximum benefits allowable under the other election(s) in an equal amount of the matching contribution.

Eligible teachers who elect Subd. 1 as their one time election and also participate under Subd. 3 will have their unused sick leave pay benefit calculated as the number of unused sick leave (up to the 100 day maximum) multiplied by the applicable daily rate minus the matching contribution made by the District under Subd. 3. *Example: A teacher is retiring under Subd. 1, has 25 years of service, has 93 days of unused sick leave at retirement, and the District has contributed \$6,500 to his/her 403(b): \$25,575 (Unused Sick Leave Pay) - \$6,500 (403(b) matching contribution) = \$19,075 payable at retirement.*

Such request shall be in writing and shall contain reasons for the teacher's belief that the student has been inappropriately placed.

Subd. 2. Conferences

If a teacher is required to participate in a conference in which the individualized education program (IEP) for a student with a disability is developed, reviewed or evaluated, or to participate in any meeting

necessitated by the provisions of Minnesota Statutes 120.17 or Federal Statute (IDEA), such conference or meeting shall be scheduled during the teacher work day, if possible. If a teacher is required to participate in a conference or meeting outside of the teacher's work day, the teacher shall be compensated at the rate of ~~\$30.00~~ **\$50.00** per hour effective upon ratification of this agreement.

Section 10. Substitutes

Any time teachers are requested or directed by their supervisor/administrator to teach and/or supervise the class of another teacher at the same time they have a class of their own, or when a teacher is requested or directed by their supervisor/administrator to assume another teacher's class responsibility during normally unscheduled time, the teacher shall be compensated at a rate of \$50.00 per hour.

Section 11. Evaluation

The primary objective of teacher evaluation shall be the improvement of instruction. Any evaluation process affecting teachers will be the subject of a prior meet and confer session with the exclusive representative before implementation.

Section 12. Conditions for Rehiring Retired Teachers

The conditions for rehiring retired teachers are as follows:

1. This plan applies to rehiring teachers retired from the District.
2. Any rehired teacher formerly employed by the District will be covered by the current Agreement and will receive compensation by being placed on the salary index at the same step and lane as when he/she retired.
3. The District will post all vacant positions and attempt to find a replacement before offering the position to a retired District teacher.

Section 13. Certificate of Clinical Competence

Speech/Language Pathologists who are required to hold a Certificate of Clinical Competence that enables the District to generate revenue for third-party billing shall be reimbursed up to \$300 per year for the applicable certification fee/annual dues. The Certificate of Clinical Competence is beyond the licensure requirements to perform their teaching duties.

Speech/Language Pathologists hired after ratification of this agreement and required to hold said certificate must have the Certificate of Clinical Competence within three (3) years of their date of employment in order to retain their teaching position in the District.

Section 14. Eye Glasses/Contacts/Hearing Aids and Clothing Reimbursement

The District will reimburse up to \$400.00 for replacement of eye glasses, contacts or hearing aids of comparable value lost, broken or damaged when caused by student contact and reported to the supervisor/administrator at the time of the incident. The District will reimburse up to \$250.00 for replacement of clothing of comparable value that has been torn or damaged when caused by student contact and reported to the supervisor/administrator at the time of the incident.

Section 15. Special Education Evaluations

Special education teachers (ASD, EBD, DD, SLD) who are assigned to complete initial student evaluations and/or re-evaluations may be authorized up to two (2) days of release time per year (in half day increments) upon prior approval of the Director of Special Education, or designee. Additional days may be authorized at the discretion of the Director of Special Education.

Section 16. Classroom Ratios

Any class section which exceeds the targets established by School Board Policy shall be subject to review and potential modification by a committee which shall consist of the District administrative representative, immediate supervising administrator, affected teacher, and their designated exclusive representative. The committee shall convene within five business days of a teacher's request.

ARTICLE XII

UNREQUESTED LEAVE OF ABSENCE AND SENIORITY

Section 1. Placement

Pursuant to this article the School Board may place as many teachers as may be necessary on unrequested leave of absence because of discontinuance of position, lack of pupils, financial limitations, or merger of classes caused by consolidation of districts. The unrequested leave is effective at the close of the school year.

Section 2. Definitions

Subd. 1. Scope

For the purpose of this article, the terms defined shall have the meanings respectively ascribed to them.

Subd. 2. Teacher

"Teacher" means a member of the appropriate unit as defined in this Agreement.

Subd. 3. Qualified

"Qualified" means a teacher who is licensed in the subject matter and has taught such subject matter in the last eight (8) years in the District.

Subd. 4. Seniority

"Seniority" applies only to Tier 3 and Tier 4 qualified teachers and means the number of years of continuous service in the District in a position which requires a license. Teachers teaching less than a full contract day or year shall earn seniority equivalent to the ratio that their employment bears to full-time teachers. Teachers on authorized leave of absence shall continue to accrue seniority. A probationary, Tier 1, or Tier 2 teacher shall not have the protection of this unrequested leave article.

Section 3. Unrequested Leaves of Absence

Subd. 1. Length

The District may place a teacher on unrequested leave of absence without pay or fringe benefits for a period not to exceed five (5) years.

Subd. 2. Notice

Teachers to be placed on unrequested leave of absence shall be entitled to the notice by June 30th of the school year prior to commencement of such leave.

Subd. 3. Seniority

Teachers placed on unrequested leave shall be laid-off in reverse order of seniority in the subject matter in which they have taught. No teacher shall be placed on unrequested leave if there is a Tier 1, Tier 2, or any other qualified teacher with less seniority in the same subject matter for which the teacher is certified and qualified.

Subd. 4. Additional Seniority Criteria

If there is a reduction that affects teachers with identical seniority, then the teacher or teachers to be placed on unrequested leave shall be those with fewer total years of actual full-time teaching in public schools. If after the application of the above criteria there is still a tie, the teacher or teachers to be placed on unrequested leave shall be determined by 1) the date of issue of the original teaching license in Minnesota; then, 2) the date of application for the original teaching license; and then, 3) by lot. Those teachers having received their certificate first shall be the last laid off.

Subd. 5. Recall

Any teacher placed on such leave may engage in teaching or any other occupation during such period and such leave will not result in a loss of credit for years of service in the District prior to the commencement of such leave if said teacher is recalled. Upon recall, the teacher shall be credited with all incidents of employment that he or she had earned prior to the taking of leave.

Section 4. Reinstatement

Subd. 1. Order

No new teachers, including Tier 1 or Tier 2 teachers, shall be employed by the District while any qualified teacher is on unrequested leave of absence. Teachers placed on unrequested leave of absence shall be reinstated to available positions in the District if such positions become available. The order of reinstatement shall be in inverse order in which the teachers were placed on unrequested leave.

Subd. 2. Notice

When placed on unrequested leave, a teacher shall file his or her name and address with the District's human resources office to which any notice of possible reinstatement to available positions shall be mailed. Proof of service by the person in the District depositing such notice to the teacher by registered mail to the teacher's last known address shall be sufficient, and it shall be the responsibility of any teacher on unrequested leave to provide for forwarding of mail or address change. Failure of a notice to reach a teacher shall not be the responsibility of the District if any notice has been mailed as provided herein.

Subd. 3. Acceptance

If a position becomes available for a qualified teacher on unrequested leave, the District shall mail the notice of vacancy to such teacher as provided above. The teacher shall have fifteen (15) days after receipt of said notice to accept reemployment. The District shall be free to fill any position on a temporary basis pending completion of the recall procedure. A teacher who fails to give notice within the fifteen (15) day period shall, as provided above, have no claim to the vacant position involved but shall retain his/her position on any applicable seniority list. However, if notice of an available position is given to any teacher on or after July 15 of any year, such teacher shall have the right to defer the effective date of return to actual service until the beginning of the next succeeding year if he/she is employed by another School District.

Subd. 4. Limitation

Reinstatement rights shall automatically cease five (5) years from the date of unrequested leave, and no further rights to reinstatement or other benefits under this Agreement shall exist.

Section 5. Establishment of a Seniority List

Subd. 1. Posting

Each year, prior to December 30, the District shall establish a seniority list by name, licensure areas, amount of seniority, total teaching years in the District, and total years of public school teaching experience and shall thereupon post such list in an official place in each school building of the District with a copy to the president of the exclusive representative.

Subd. 2. Disagreement

Any teacher whose name appears on the seniority list and who disagrees with the finding of the District in the order of seniority given shall have twenty (20) days from the date of posting to request a seniority change. Such request shall be made in writing to the Superintendent, and shall contain proper documentation. Failure to request a change within the twenty (20) days shall waive a teacher's right to have the seniority list changed, and that list shall govern any placement on unrequested leave of absence during that school year.

Section 6. Effect

This article shall be effective at the beginning of this Agreement and shall govern all unrequested leaves until a new Agreement is officially signed and ratified.

Section 7. Exercise of Seniority

In no event shall a teacher be allowed to exercise seniority over an administrator. In no event shall a non-teacher or administrator be able to exercise seniority over a teacher.

Section 8. Continued Insurance

Teachers who are placed on unrequested leave shall be eligible to remain in the existing group health and hospitalization insurance program if permitted by law and the terms of the insurance program. Such eligibility shall continue for five years after placement on unrequested leave of absence or until the teacher has employment elsewhere, whichever comes first. To qualify for and to maintain this eligibility, the teacher must notify the District in writing and must pay the full premiums in advance installments.

ARTICLE XIII

GRIEVANCES

Section 1. Grievance Procedures

The parties hereto shall be subject to the grievance procedures attached to this Agreement as Appendix C.

Section 2. Action Disciplining a Teacher

An action disciplining a teacher shall be subject to the grievance procedure.

ARTICLE XIV

STATUS OF SALARY SCHEDULES

Section 1. Salary Schedules

Appendix A, attached hereto, shall be part of this Agreement effective the first day of the adopted school calendar for each school year as indicated in said appendix.

Section 2. Status of Salary Schedules

Salary schedules are not to be construed as part of a teacher's continuing contract.

Subd. 1. Initial Step Placements

The School Board, through the Superintendent, shall evaluate the previous experience of newly hired teachers and shall determine at which step they are placed.

Subd. 2. Initial Lane Placement

In determining an applicant's initial placement on a salary lane, the School Board shall give credit for the following:

- (1) All credits beyond the bachelor's degree and prior to the master's degree either a) in a college approved program leading to a master's degree in the teacher's teaching field, or b) in the teacher's teaching field and approved in writing by the Superintendent or designee.
- (2) A master's degree in the teacher's teaching field.
- (3) Credits approved by the Superintendent that are beyond the master's degree and are in the teacher's teaching field.
- (4) No credits will be used for initial lane placement that were taken to fulfill the requirements for the teacher's licensure unless they have been approved in writing by the Superintendent or designee. Any action taken by the Superintendent will not be considered precedent setting.

Subd. 3. Military Service

Teachers called into military service while under an individual employment contract with the District will be given credit on the salary schedule for satisfactory military service when they resume their duties with the District.

Subd. 4. Returning Teachers

Teachers returning to the District following an approved leave of absence for study, leading to an advanced degree, will be allowed credit on the salary schedule for their period of absence. The provisions of this subdivision shall not be applicable to professional improvement leave.

Subd. 5. Advancement on the Salary Schedule

Advancement to a higher lane on the salary schedule may occur three times yearly as follows:

- (a) at the regular October meeting of the School Board, for all credits earned prior to the start of the school year; and
- (b) at the regular February meeting of the School Board, for all credits earned prior to January 15,
- (c) at the regular July meeting of the School Board, for all credits earned prior to July 1,

To be considered for advancement the teacher must submit a REQUEST FOR SALARY LANE ADVANCEMENT form to the Superintendent or designee and furnish him/her with an official transcript from the college or university indicating that the final grades and credits have been recorded and, in the case of a degree, that all requirements have been completed. Such form must be submitted prior to October 1, January 15, or July 1 respectively. Advancements granted by the School Board shall be retroactive to the beginning of the school year or January 15 or July 1 respectively.

Subd. 6 Salary Schedule Steps

- (a) Notwithstanding the provisions of Subdivision 6(b) below, a teacher who commences full-time employment for the District on or after February 1 in any school year and is placed on a salary level shall remain on that same salary level the following school year. A teacher who commences full-time employment for the District prior to February 1 in any school year and is placed on a salary level shall be eligible for placement on the next highest salary level the following year.
- (b) Part-time teachers shall earn credit toward the next higher salary level on a pro-rata basis. For part-time employment beginning with the 2017-2018 school year, a part-time teacher with cumulative earned credit of ‘X.80’ or higher shall be moved to the next higher salary level (i.e., step). The amount of FTE rounded up for this purpose, however, shall not be included in the future calculations of the teacher’s cumulative earned credit. A teacher earns credit for his or her part-time employment at the end of the school year in which the part-time employment is worked. Movement to the next higher salary level shall occur at the beginning of the school year following the school year in which the teacher’s earned credit reaches or surpasses the next whole-number increment.

Section 3. Salaries

Subd. 1. Bachelor’s Degree

A bachelor’s degree must be from a college accredited by the North Central Association or a comparable regional accrediting association.

Subd. 2. Additional Credits Beyond the Bachelor’s Degree and Prior to the Master’s Degree

For all such lanes, credits applied to salary lane advancement must be from a college or university awarding a baccalaureate degree accredited by the North Central Association or a comparable regional accrediting association, must be earned after the completion of course requirements leading to a Bachelor’s Degree, and must be in excess of the requirements for the degree. In order to qualify, credits earned after September 1, 1989, must be in a college-approved program leading to a master’s degree in the teacher’s teaching field and must be approved in advance by the Superintendent. The Superintendent may waive the requirement that credits earned be in the teacher’s teaching field when such is judged to be in the best interest of the District; e.g. administrative. Such an exception is made on an individual basis and is not considered precedent setting.

Subd. 3. Bachelor’s Degree Plus 40 Semester Hour Credits

Teachers may qualify for placement on the bachelor’s degree plus 40 semester hour credits salary schedule upon presentation of written certification from a college awarding a baccalaureate degree accredited by the association(s) named above certifying completion of 40 semester hours of credit earned after the completion of course requirements leading to a bachelor’s degree and in excess of requirements for the degree. Credits earned between July 1, 1991, and January 1, 1994, do not qualify a teacher for advancement under this subdivision. In order to qualify, credits earned after September 1, 1989, must be in the teacher’s teaching field and approved in writing and in advance by the Superintendent. The definition of a “Teacher,” includes school nurses and occupational therapists.

Subd. 4. Master’s Degree

A master's degree shall be from a college accredited by the North Central Association or a comparable regional accrediting association. For teachers to qualify for the master's degree schedule, the degree must be in the teacher's teaching field or in an area approved in writing and in advance by the Superintendent.

- (a) When reviewing the master's degree program for approval, the District will have the right to require that at least one-half of the course credits are in the teacher's teaching field and the remaining course credits may be in general or foundation type classes. "In the teacher's teaching field" refers to the current assignment a teacher has. e.g. English, math, guidance. The Superintendent may grant an exception to the teacher's teaching field when such is judged to be in the best interest of the District. e.g. administrative. Such an exception is made on an individual basis and is not considered precedent setting.
- (b) Credit Approval Process
 - (1) Credit approval or denial is a responsibility of the Superintendent or his/her designee.
 - (2) All credits must be approved in writing prior to the first class meeting. When a master's degree plan is approved in writing in advance, courses will not need pre-approval prior to the first class meeting.
 - (3) After the first class meeting, credit approval or denial is determined by the Superintendent or designee. If granted, the credits cannot be used for a lane change until nine months following the date of application.
 - (4) Approval of credits will not be granted for any classes when the application is made more than two years following the first class meeting.
 - (5) When a university accepts a course substitution in a pre-approved master's degree program, the District will allow the substitution without further approval unless the substitution of courses affects one half of the credits in the teacher's teaching field. An amended copy of the master's degree plan must be filed in the District office.

Subd. 5. Additional Credits Beyond the Master's Degree

For all lanes beyond the master's lane, credits applied to salary lane advancement must be from a college or university awarding a master's degree and accredited by the North Central Association or comparable regional accrediting association and must be earned after completion of course requirements for that degree. In order to qualify, credits must be in the teacher's teaching field, and must be individually approved in writing in advance by the Superintendent or designee. The Superintendent may waive the requirement that credits earned be in the teaching field when, in his/her judgment, such study will enhance the teacher's value to the District as a classroom teacher.

Subd. 6. Movement on the Salary Schedule - School Nurse and Occupational Therapist

These two positions are authorized to move on the salary schedule by using clock hours according to the following:

- (a) Seventeen (17) clock hours of class time equals one semester hour. A clock hour equals one hour of class time in a class. Class must be conducted by an organization devoted to medical care and training.
- (b) No clock hours older than five years can be used.
- (c) There can be no movement beyond the BA+40 lane.
- (d) All records must come from the granting organization on official letterhead stationery, signed by the teacher who provided the clock hours.
- (e) All clock hours must be in the fields of nursing (for the school nurse) and occupational therapy (for the occupational therapist).

Section 4. Department Chairperson - Grade Level Coordinator

Section 5. District Service/Longevity Stipend

After July 1, 2016, any teacher who has taught in the District for at least 15 years shall receive an annual service/longevity stipend in accordance with the following schedule and provisions:

Subd. 3. Payment

Payment shall be made in a lump sum to eligible teachers on the last payroll in June of each year.

Subd. 4. Eligibility

Eligibility for the service/longevity stipend shall be determined by the teacher's number of years in Bemidji as recorded in the official Teacher Seniority List established in accordance with ARTICLE XII, Section 5.

PLACEMENT ON THE SCHEDULE:

- A. Each year of experience as a coach/advisor in any secondary school will be credited as one year of experience on the guide.
- B. Each year of experience as a coach/advisor of any sport/activity in any secondary school will be counted as one-half year of experience on the guide when the coach/advisor is advanced to a head coach/advisor.
- C. In instances when the total credited experience is not a whole number, the fraction will be dropped, and the whole number will be used to determine placement on the guide: e.g., a person having 5 1/2 years of creditable experience will be placed at the fifth year experience level on the guide.
- D. When requested by the Superintendent or his authorized representative, it shall be the responsibility of the staff member concerned to furnish documentary evidence attesting to all years of experience outside of the District before this experience is used to determine placement on the extra-curricular guide.

GRIEVANCE PROCEDURE

Definitions

Grievance. “Grievance” means a dispute or disagreement as to the interpretation or application of any term or terms of any contract required under Minnesota Statutes 179A.20, Subdivision 1.

Days. “Days” mean calendar days excluding Saturday, Sunday and legal holidays as defined by Minnesota Statutes.

Service. “Service” means personal service, e-mail with read receipt, or by certified mail.

Reduced to Writing. “Reduced to Writing” means a concise statement outlining the nature of the grievance, the provision(s) of the contract in dispute, and the relief requested.

Small Group of Employees. “Small group of employees” means a group of employees consisting of five (5) or less.

Answer. “Answer” means a concise response outlining the employer’s position on the grievance.

Procedure

The parties, by mutual written agreement, may waive any step and extend any time limits in this grievance procedure.

Large Groups: If the grievance involves and affects more than five (5) employees, the grievance may be reduced to writing by the exclusive representative (or the employees or their designated representative in the event the exclusive representative has declined to proceed with the grievance) and must be served upon the employer within twenty (20) days after the grievance occurred or the grievants, through the use of reasonable diligence, should have had knowledge of the occurrence that gave rise to the grievance. Thereafter, the procedure will follow the outline below beginning with Step 2.

Step I

Whenever any employee or small group of employees have a grievance, they shall meet on an informal basis with the employee’s or employees’ immediate supervisor in an attempt to resolve the grievance within twenty (20) days after the grievance occurred or the employee(s), through the use of reasonable diligence, should have had knowledge of the occurrence that gave rise to the grievance.

If the grievance is not resolved within fifteen (15) days of the first informal meeting, the grievance may be reduced to writing by the exclusive representative and served upon the employer’s designee. The notification shall contain a concise statement indicating the intention of the party to proceed with the grievance, an outline of the grievance, the provision(s) of the contract in dispute, and the relief requested.

Step II

The Superintendent or designee shall meet with the exclusive representative (or in the appropriate case, employee(s) or their designee) within seven (7) days after receipt of the written grievance. The parties shall endeavor to mutually resolve the grievance. If a resolution of the grievance results, the terms of that resolution shall be written on or attached to the grievance and shall be signed by all parties. If no agreement is reached within fifteen (15) days of the first Step II meeting, the exclusive representative (or in the appropriate case, employee(s) or their designee), if they elect to proceed with the grievance, must proceed with Step III by serving a proper notification on the Chair of the School Board. The notification shall contain a concise statement indicating the

intention of the party to proceed with the grievance, an outline of the grievance, the provision(s) of the contract in dispute, and the relief requested.

Step III

The School Board or its designee(s) shall meet with the designated official of the exclusive representative (or in the appropriate case, employee(s) or their designee) within ten (10) days after receiving notice of intention to proceed with the grievance. If resolution of the grievance results, the parties shall reduce the resolution to writing and sign the memorandum as provided in Step II. If the parties are unable to reach agreement within ten (10) days after the first Step III meeting, either party may request arbitration by serving a written notice on the other party of their intention to proceed with arbitration.

If a grievance procedure is provided by a system of civil service or other such body, the exclusive representative or employee(s) must elect either to process the grievance through this procedure or the civil services or other such body's procedure, and in no event may a grievant avail himself of both procedures.

Step IV

The employer and the employee representative shall endeavor to select a mutually acceptable arbitrator to hear and decide the grievance.

If the employer and the employee representative are unable to agree on an arbitrator, they may request from the Director of the Bureau of Mediation Services, State of Minnesota, a list of five (5) names. The list maintained by the Director of the Bureau of Mediation Services shall be made up of qualified arbitrators who have submitted an application to the Bureau. The parties shall alternately strike names from the list of five (5) arbitrators until only one (1) name remains. The remaining arbitrator shall hear and decide the grievance. If the parties are unable to agree on who shall strike the first name, the question shall be decided by a flip of the coin. Each party shall be responsible for equally compensating the arbitrator for their fee and necessary expense.

The arbitrator shall not have the power to add, to subtract from, or to modify in any way the terms of the existing contract.

The decision of the arbitrator shall be final and binding on all parties to the dispute unless the decision violates any provision of the laws of Minnesota or rules or regulations promulgated thereunder, or municipal charters or ordinances or resolutions enacted pursuant thereto, or which causes a penalty to be incurred thereunder. The decision shall be issued to the parties by the arbitrator, and a copy shall be filed with the Bureau of Mediation Services, State of Minnesota.

General Matters

Processing of all grievances shall be during the normal workday whenever possible, and employees shall not lose wages due to their necessary participation. For purposes of this paragraph, employees entitled to wages during their necessary participation in a grievance proceeding are as follows:

- a. The number of employees equal to the number or persons participating in the grievance proceeding on behalf of the employer; or
- b. If the number of persons participating on behalf of the employer is less than three, three employees may still participate in proceedings without loss of wages.

Failure of a party to proceed within five (5) days after the other party has sent written notice that a time limit has expired may result in a forfeit of the grievance, or, in the case of the employer, require mandatory alleviation of the grievance as outlined in the last statement by the exclusive representative or employee.
