

Welcome to Gamma Pod

2020-2021

Dear Gamma Student Families:

We are excited to begin a new year in Gamma Pod and we are pleased to have your son/daughter with us. As a helpful introduction to seventh grade, we'd like to tell you a little bit about the classes we teach.

American History

Ms. Laci Podmore will teach American History, focusing on the Pre-Civil War Era through modern times. Students will investigate our nation's past and how it has shaped America into the country that it is today through a variety of means that will include: projects, discussions, notes, tests and written assignments.

Mathematics

Mr. Patrick McNallan is the math teacher. Students will study geometry, pre-algebra, fractions, decimals, percents and graphing. Students will also have the opportunities to work in groups, on projects and learn through games.

Special Education Inclusion

Mr. Corey Boen is the Special Education teacher. He will be in charge of the IEP's and the academic support in the classroom for these students. If you have an email address, that would be very helpful in communicating back and forth with him.

Language Arts

Mrs. Susan Eichstadt teaches Language Arts. Students will read short stories, novels and essays. Students will study poetry and complete a variety of writing assignments, including the five-paragraph essay. We will work toward completing the Common Core Standards in Language Arts.

Science

Karen LaVine teaches Life Science. Life Science will emphasize the study of the environment, cell, genetics, human anatomy, the kingdoms of living things as well as how living things interact in our world. Students will be exploring science by doing a number of hand on activities such as labs and projects, including the Science Fair.

Materials

For Personal Use

- Pencils, blue or black pens

Get Gamma Updates Via Remind

What is Remind?

Remind is a free, safe, and simple messaging tool that helps teachers share important updates and reminders with students and parents.

Subscribe by Remind app or text. All personal information is kept private, teachers will never see your phone number, nor will you see theirs. Visit remind.com to learn more.

TO SIGN UP FOR GAMMA REMIND

1. To receive messages via app:
 - Download the remind app
 - Choose +Join a class
 - Enter @gammapod
2. To receive messages via text:
 - Text @gammapod to 81010
 - You may opt-out anytime by replying unsubscribe @gammapod

Attendance and Make-up Work

Students are encouraged to be in class every day. Assignments are posted on the Gamma Pod bulletin board at the end of every day. Students should ask their teacher for any handouts, instructions, and deadlines necessary to complete the make-up work on time. Parents and students can also access work assigned on a daily basis using Remind.
