

American History & Math

Email: kyle_fodness@isd31.net

Mr. Kyle Fodness will be teaching social studies, primarily focusing on American History from the Pre-Civil War period to the Modern Era. Connections will be drawn from our history to our lives today, through individual and small group work in a variety of assignments, quizzes/tests, activities, and projects. Students will have the opportunity to learn about our future by studying our nation's past.

In Math, students will study pre-algebra, fractions, decimals, percentages, graphing, and geometry. Students will work individually and in small groups on a variety of assignments, quizzes/tests, and projects.

Special Education

Communication will be very important for any students in Special Education/Inclusion programs. If you have an email address, that will be very helpful in communicating back and forth.

Language Arts & Science

Email: nora_olson@isd31.net

Ms. Nora Olson teaches Language Arts and Science classes. In Language Arts, students will work on short stories, novels, essays, poetry, and various writing assignments.

The 7th grade science curriculum emphasizes Life Science. Students will study the environment, cells, genetics and human anatomy, and how living things interact in the world. Hands on projects will be common, and students will also work on labs and activities, including the Science Fair project.

Attendance and Make-Up Work

Students are encouraged to attend class every day. Assignments for the week are posted on the Epsilon Pod bulletin board. Students should ask their teacher for any handouts, instructions, and deadlines necessary to complete all make-up work on time. Parents and students can also check Remind messages for important updates regarding make-up work.

EPSILON

Materials

For Personal Use

- Pencils, blue or black pens
- Two red correcting pens
- Five college-ruled notebooks
- Five pocket folders or trapper keeper
- One composition notebook
- Highlighters

For Pod Use

- One ream of paper
- Two boxes of facial tissues
- One pack of colored pencils
- Two glue sticks
- \$5 donation to Ms. Olson for science labs

Optional

- One ream of paper

Remind

Remind is a free, safe, and simple messaging tool that helps teachers share important updates and reminders with students and parents. It will be used to share important reminders throughout the school year.

It will only be used for announcements from teachers. All questions or other messages should be communicated via the email addresses listed above.

Instructions on how to join are below.

Sign up for important updates from Mr. Fodness.

Get information for Bemidji Senior High School right on your phone—not on handouts.

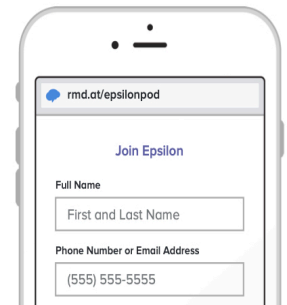

Pick a way to receive messages for Epsilon:

- A If you have a smartphone, get push notifications.

On your iPhone or Android phone, open your web browser and go to the following link:

rmd.at/epsilonpod

Follow the instructions to sign up for Remind. You'll be prompted to download the mobile app.

- B If you don't have a smartphone, get text notifications.

Text the message @epsilonpod to the number 81010.

If you're having trouble with 81010, try texting @epsilonpod to (937) 663-1525.

* Standard text message rates apply.

Don't have a mobile phone? Go to rmd.at/epsilonpod on a desktop computer to sign up for email notifications.
