A Message for Caregivers

Tips for Success in transitioning to Middle School

- Help your child set up a nightly routine for homework.
- Daily completion of class work and homework is essential to your child's success in sixth grade.
- Pay attention to cut off dates for missing work in each class. Some classes do not take missing work after a unit has ended, and other classes use mid-quarter as a cutoff date for missing work.
- Check Skyward; the online grade book, at least weekly to keep up with your child's progress.
- Contact us whenever you have a concern. We are here to help!

Communication

We send a message daily through the **Remind app** letting you know about homework due, upcoming tests, important school news and announcements.

Check **Skyward!** Checking Skyward often is the best way to keep track of grades, missing assignments, tardies, etc...

We are available and encourage students to come in for help from 8:12-8:30 each day.

Contact us via email or phone call if you have questions, concerns or any other reason – you are an important part of the the team!

Relax! It's going to be OK!

Most importantly, relax! Do not stress over the start of sixth grade and the Middle School. We will be here to help you every step of the way.

We will help you find your classes that are outside of the pod.

We will help you with your locker.

We will help you with your work.

Anything else that comes up, ... we will help you! 😊
