INDEPENDENT AUDITOR'S REPORT

The Board of Education Independent School District No. 31 Bemidji, Minnesota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 31 - Bemidji, Minnesota, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Independent School District No. 31 - Bemidji, Minnesota's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 31 - Bemidji, Minnesota, as of June 30, 2017, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As described in Note 1 to the financial statements, in the fiscal year ended June 30, 2017, the District adopted new accounting guidance, GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans and GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison information, the Schedule of the Changes in the District's Net OPEB Liability and Related Ratios, the Schedule of Investment Returns, the Schedule of the District's and Non-Employer Proportionate Share of the Net Pension Liability and the Schedule of District's Contributions on pages 5 through 17 and 61 through 69, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Independent School District No. 31 - Bemidji, Minnesota's basic financial statements. The Official Directory, nonmajor fund financial statements, agency fiduciary fund financial statements, Fiscal Compliance Report and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

The nonmajor and agency fiduciary fund financial statements, Fiscal Compliance Report, and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the nonmajor and agency fiduciary fund financial statements, Fiscal Compliance Report, and Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The Official Directory and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated December 14, 2017, on our consideration of Independent School District No. 31 - Bemidji, Minnesota's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Independent School District No. 31 - Bemidji, Minnesota's internal control over financial reporting and compliance.

Miller McDonald, Duc.

December 14, 2017 Bemidji, Minnesota

This section of Independent School District No. 31 – Bemidji, Minnesota's annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2017. Please read it in conjunction with the District's financial statements, which immediately follow this section.

FINANCIAL HIGHLIGHTS

Key financial highlights for the year ended June 30, 2017 include the following:

- Net position decreased by 199.2% from the prior year.
- District-wide revenues were \$75,594,346 and district-wide expenses were \$88,553,087.
 - The District's current year loss is primarily due to the increase in net pension liability (see Note 6).
- Total enrollment decreased by 15.84 students or .3% from 5,094.79 to 5,078.95 ADM students.
- General fund balances increased by \$1,687,287 primarily due to the increase in tax levy for the Gene Dillion elementary and receiving Quality Compensation aid from the State.
- The District purchased new equipment in the amount of \$258,550, building improvements of \$1,511,664, vehicles in the amount of \$351,648, land and land improvements of \$902,756. The District started the Solway Elementary Roof Replacement project and Solway Elementary Boiler Project for \$110,675 and \$58,757, respectively. The new 4th and 5th grade school building is still in progress and added \$3,354,887 of cost during the year.
- The District made payments of \$3,140,000 on its outstanding general obligation bonds.

OVERVIEW OF THE FINANCIAL STATEMENTS

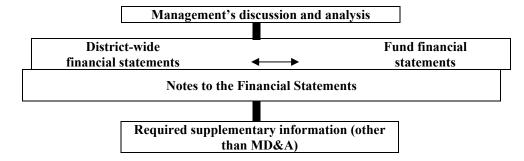

The financial section of the annual report consists of four parts – Independent Auditor's Report, required supplementary information, which includes the management's discussion and analysis (this section), the basic financial statements, and supplementary information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are district-wide financial statements that provide both short-term and long-term information about the District's overall financial status.
- The remaining statements are *fund-financial statements* that focus on individual parts of the District, reporting on the District's operations in more detail than the district-wide statements.
- The governmental funds statements tell how basic services such as regular, vocational and special education were financed in the short-term as well as what remains for future spending.

OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)

• Fiduciary funds statements provide information about the financial relationships in which the District acts solely as a trustee or agent for the benefit of others whom the resources belong.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements with a comparison of the District's general and special revenue funds budgets for the year. The following diagram explains how the various parts of this annual report are arranged and related to one another.

The major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain, are summarized below. The remainder of the overview section of the MD&A highlights the structure and content of each of the statements.

	District-wide Statements	Fund Financial Sta	tements
		Governmental Funds	Fiduciary Funds
Scope	Entire district except fiduciary funds	The activities of the district that are not proprietary or fiduciary, such as special education and building maintenance	Instances in which the district administers resources on behalf of someone else, such as retiree benefits and student activities
Required financial statements	 Statement of net position Statement of activities 	 Balance sheet Statement of revenues, expenditures, and changes in fund balances 	Statement of fiduciary net position Statement of changes in fiduciary net position
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial focus	Accrual accounting and economic resources focus
Type of assets/liability information	All assets and liabilities, both financial and capital, short- term and long-term	Generally assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets or long-term liabilities included	All assets and liabilities, both short-term and long-term; funds do not currently contain capital assets, although they can
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due and payable	All additions and deductions during the year, regardless of when cash is received or paid

OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)

District-wide Statements

The district-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the District's assets, deferred outflows of resources, liabilities and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The district-wide statements report the District's net position and how it changed. Net position – the difference between the District's assets, deferred outflows of resources, liabilities and deferred inflows of resources – is one way to measure the District's financial health or position.

- Over time, increases or decreases in the District's net position is an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the overall health of the District you need to consider additional non-financial factors such as changes in the District's property tax base and the condition of school buildings and other facilities.

In the district-wide financial statements the District's activities are shown in one category:

• Governmental Activities – The majority of the District's basic services are included within these activities; such as regular and special education, transportation, administration, food services, and community education. Property taxes and state aids finance the majority of these activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds – focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs.

- Some funds are required by State law and by bond covenants.
- The District establishes other funds to control and manage money for particular purposes (e.g., repaying its long-term debts) or to show that it is properly using certain revenues (e.g., federal grants).

The District has two types of funds:

Governmental Funds – The majority of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the district-wide statements, we provide additional information following the governmental funds statements that explains the relationship (or differences) between them.

OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)

<u>Fiduciary Funds</u> – The District is the trustee, or fiduciary, for assets that belong to others. The District is responsible for ensuring that only those to whom the assets belong use the assets reported in these funds. The District's fiduciary activities (consisting of an irrevocable trust fund and two agency funds held for others) are reported in a separate Statement of Fiduciary Net Position. We exclude these activities from the district-wide financial statements because the District cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE (DISTRICT-WIDE FINANCIAL STATEMENTS)

Net Position

The District's combined net position was (\$6,476,386) at June 30, 2017 (see the following table). At June 30, 2016 the net position was \$6,531,466, as restated, with a decrease of \$13,007,852 from operating activities for the year ended June 30, 2017.

	As Res		Net Cha	Net Changes	
	2017	2016	Amount	Percent	
Current and other assets	\$ 59,921,450	\$ 62,648,990	\$ (2,727,540)	-4.35%	
Capital assets, net of depreciation	64,973,939	61,682,900	3,291,039	5.34%	
Total assets	124,895,389	124,331,890	563,499	0.45%	
Deferred outflows of resources	80,436,653	7,573,418	72,863,235	962.09%	
Current payables	8,699,827	8,253,244	446,583	5.41%	
Long-term liabilities:					
Due within one year	3,990,087	3,852,914	137,173	3.56%	
Due after one year	185,596,925	99,194,287	86,402,638	87.10%	
Total liabilities	198,286,839	111,300,445	86,986,394	78.15%	
Deferred inflows of resources	13,521,589	14,073,397	(551,808)	-3.92%	
Net position:					
Net investment in capital assets	40,976,866	47,629,721	(6,652,855)	-13.97%	
Restricted	35,334,523	41,751,900	(6,417,377)	-15.37%	
Unrestricted (Deficit)	(82,787,775)	(82,850,155)	62,380	0.08%	
Total net position	\$ (6,476,386)	\$ 6,531,466	\$(13,007,852)	-199.16%	

Net position decreased by 199.16% for the year ended June 30, 2017 primarily due to the increase in net pension liability (see Note 6).

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE (DISTRICT-WIDE FINANCIAL STATEMENTS) (Continued)

Change in Net Position

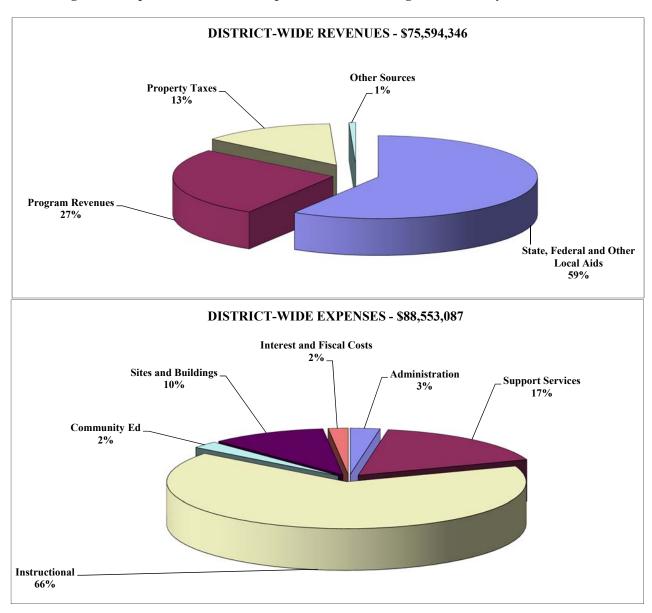

The decrease in net position occurs as a result of the District's expenses being more than its revenues for the year ended June 30, 2017. A summary of the District's revenues and expenses, along with the amount of change and percentages from the year ended June 30, 2016 for each category are as follows:

	2017		2016		Net Cha	nge
	Amounts	Percent	Amounts	Percent	Amount	Percent
Revenues:		·	·			
Program Revenues:

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE (DISTRICT-WIDE FINANCIAL STATEMENTS) (Continued)

For the year ended June 30, 2017, the District's total revenues were \$75,594,346 and consisted of program revenues of \$20,495,908, property taxes of \$10,186,997, general aids and payments from state and federal sources of \$44,403,219, other sources of \$508,222. Expenses totaling \$88,553,087 consisted of regular, vocational and special education instruction costs of \$58,428,149; district, instructional and pupil support services of \$14,892,959; sites and buildings costs of \$9,169,851 community education and services costs of \$2,120,773; administrative costs of \$2,362,855; interest on long-term debt of \$1,342,595, and other costs of \$235,905. There was also a special item, loss on sale of capital assets that totaled \$49,111.

The following charts express revenues and expenses, in broad categories, for the year ended June 30, 2017:

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE (DISTRICT-WIDE FINANCIAL STATEMENTS) (Continued)

The net cost of governmental activities is the total costs less program revenues applicable to each category. Total and net costs for the years ended June 30, 2017 and 2016 are as follows:

	Cost of Services - 2017		Cost of Ser	ices - 2016	
	Total	Net	Net Total		
Administration	\$ 2,362,855	\$ 2,362,855	\$ 2,254,645	\$ 2,254,645

Total Expenses	\$ 88,553,087	\$ 68,057,179	\$ 68,838,457	\$ 49,542,598	

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS (FUND FINANCIAL STATEMENTS)

Fund Balances

The financial performance of the District as a whole is reflected in its governmental funds as well. As the District completed the year, its governmental funds reported a combined fund balance of \$41,291,436.

Total fund balances decreased in the amount of \$4,703,378 from the end of the prior year. Expenditures and other financing uses exceeded revenues and other financing sources in the Debt Service Fund, Building Construction Fund and Food Service Fund by \$2,279,485, \$4,470,759 and \$133,564, respectively. Revenues and other financing sources exceeded expenditures and other financing uses in the General Fund, Community Service Fund and OPEB Debt Service Fund by \$1,687,287, \$394,815 and \$98,328, respectively.

The authority to set aside or "label" funds usually comes from a state or federal ordinance or a school board resolution. Restricting and committing funds is referred to by GASB as "stabilization agreements" in recognition that these funds are not available to spend in the next year in an unrestricted fashion. In the case of the District we have five levels of committed or restricted funds.

The highest level is for "Restricted Funds". These are funds whose purpose is determined by *Minnesota Statute*. Examples include Staff Development, Operating Capital, Alternative Programs, Gifted and Talented, Basic Skills, Teacher Development and Safe Schools. At June 30, 2017, our restricted General Fund Balance is \$4,204,635, which is a decrease of \$463,677 from the prior year.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS (FUND FINANCIAL STATEMENTS) (Continued)

The second highest level is "Committed for Specific Purpose", which requires Board action. The "Committed for Separation/Retirement Benefits" fund balance in the General Fund is \$577,793 and represents a portion of our unfunded liability as calculated in our GASB 16 actuarial analysis. This obligation deals primarily with employee severance agreements contained in negotiated agreements. The total unfunded liability is currently calculated at \$570,933 by Hildi Incorporated. This GASB No. 16 actuarial analysis is performed every two years in addition to our GASB No. 75 calculations.

GASB No. 75 deals mainly with the presentation of other post-employment retiree health insurance it's funding through a bond issue that was deposited into a Post-Employment Benefits Irrevocable Trust, the current balance of which is \$3,187,142. As of July 1, 2015, the other post-employment health benefit liability as estimated by our actuaries, Hildi Inc., is \$10,293,909.

The "Non-spendable" fund balance in the General Fund is \$1,201,519 and is made up of pre-bought inventory in the warehouse and prepaid health insurance expenditures.

The General Fund has a \$228,418 "Assigned" fund balance for the year ended June 30, 2017.

Our fund balance policy requires that we have at least 10% of our General Fund operating budget in a combination of committed, assigned and unassigned fund balances. If the figure is less than 10% the Board must initiate cost containment measures or seek additional revenue enhancement through increased fees or voter approved operating referendum funding. The current combined amount of \$4,372,703 (including adding back a negative fund balance restricted for long-term facilities maintenance of \$12,103) represents 8.3% of our 2017 General Fund expenditures, excluding expenditures for restricted revenue sources, of \$52,883,235 and therefore, will trigger the actions described above.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS (FUND FINANCIAL STATEMENTS) (Continued)

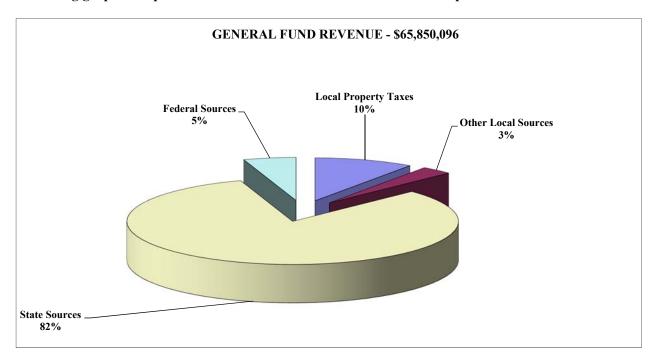

Revenue and Expenditures

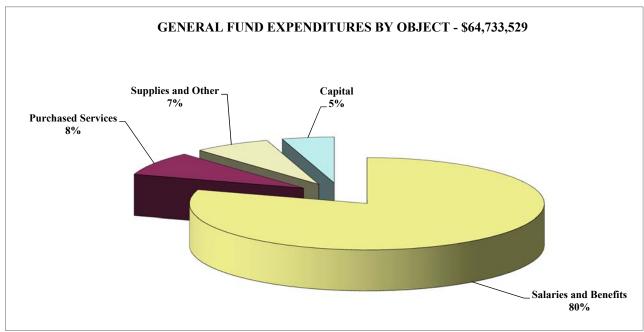

Revenues of the District's governmental funds totaled \$75,587,245 while total expenditures were \$80,861,343. A summary of the revenues and expenditures reported on the governmental fund financial statements are as follows:

	YEAR ENDED JUNE 30, 2017

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS (FUND FINANCIAL STATEMENTS) (Continued)

The following graphs are presented for the General Fund revenues and expenditures:

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS (FUND FINANCIAL STATEMENTS) (Continued)

General Fund Budgetary Highlights

During the year ended June 30, 2017, the District experienced several revisions to its operating budget. These revisions were planned and necessary because an initial budget, adopted prior to June 30, 2016, was adopted for the sole purpose of satisfying the state requirement of having an adopted budget in place prior to spending funds for the next fiscal year. In the state of Minnesota a budget is also an appropriating document. The first revision occurred in the fall of 2016 when enrollment numbers, staffing levels and other significant informational items were more available. Other revisions occurred as financial information became available that was of a significant nature and therefore necessitated a revision.

Although the District's General Fund final budget anticipated that expenditures would exceed revenues by \$394,871, the actual results for the year reported revenues exceeded expenditures in the amount of \$1,116,567. Actual expenditures were \$1,521,482 over the budgeted amount. Revenues were more than the budgeted amount by \$3,032,920. These variances in the budget were primarily attributed to the following:

 Revenues from state sources exceeded budget by \$2,848,509 due to unbudgeted revenue from the State of Minnesota related to Quality Compensation aid and the contribution to the PERA and TRA net pension liability.

The main variances in budgeted versus actual expenditures were as follows:

• Regular instruction was over budget by \$1,463,353 due to additional pension expense being recognized from the special funding situation with PERA and TRA.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

During the year the District added \$6,548,937 of capital assets to its inventory records. Additions included \$258,550 of equipment, \$351,648 of transportation vehicles, \$1,511,664 of building improvements, \$301,851 in land improvements, \$600,905 of land and \$3,524,319 in new construction. The District disposed of various vehicles, equipment, buildings and building improvements with a total original cost of \$213,239, \$115,307 and \$2,018,938, respectively.

Long-Term Debt

As of June 30, 2017 the District's long-term liabilities totaled \$189,587,012. This consisted of bonded indebtedness of \$46,475,000, plus net unamortized bond discount and premium of \$3,377,448, capital leases of \$696,929, net pension liability of \$131,398,774, severance payable of \$532,094 and net Other Post-Employment Benefits (OPEB) liability of \$7,106,767.

During the year the District retired \$3,140,000 of outstanding bond principal and paid \$2,490,726 of interest and fiscal fees on long-term outstanding bonds payable. The District paid \$93,641 of total principal on the outstanding capital leases and paid \$41,334 of total interest on the outstanding capital leases. Net pension liability had an increase of \$90,019,304, severance payable had a net decrease of \$131,152 and the net OPEB liability had an increase of \$506,589.

FACTORS BEARING ON THE DISTRICT'S FUTURE

Political Environment

The political environment at the State level will have a significant effect on future finances. The state legislature sets the amount of revenue from aids and levies that Minnesota school districts will receive. Currently the general education basic allowance, from which the District receives the single largest state aid, is set at \$6,067 and it will increase to \$6,188 in the next fiscal year. This represents a 2% increase in the basic funding formula which is our largest single source of revenue. This plus the increase from student enrollment will be used to offset our contract settlements.

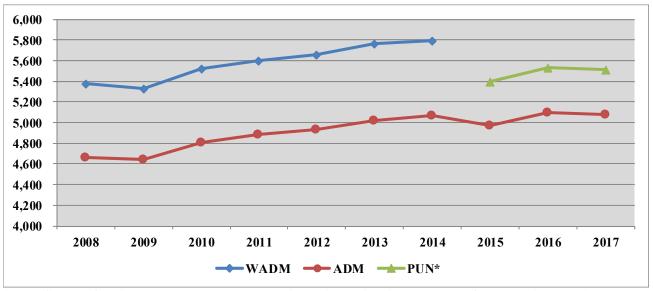

Labor Force

Labor contracts, which are in effect through June 30, 2017, were negotiated for the two-year period beginning July 1, 2015. For the year ended June 30, 2017 salaries, wages and benefits account for 80% of the District's General Fund expenditures.

Student Enrollment

Attendance at all Minnesota school districts including charter schools is based upon Average Daily Membership (ADM), however, the District receives general education aid based upon a Pupil Unit Weightings (PUN); prior to the year ending June 30, 2015, Weighted Average Daily Membership (WADM) was used. The following chart summarizes ADM and PUN/WADM over the past ten years:

FACTORS BEARING ON THE DISTRICT'S FUTURE – (Continued)

*The State of Minnesota changed to Pupil Unit Weightings (PUN) from Weighted Average Daily Membership (WADM) in the year ending June 30, 2015 to calculate general education aid.

Historical growth patterns are expected to plateau as recent birth rates have stabilized.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide the District's citizens, taxpayers, customers, and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have any questions about this report or would like additional information, contact Chris Leinen, J.D., Director of Business Services, at District offices located at, 502 Minnesota Ave NW, Bemidji, Minnesota 56601.

RECONCILIATION OF THE BALANCE SHEET -

GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION JUNE 30, 2017

Total Fund Balances - Governmental Funds

\$ 41,291,436

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in the governmental funds.

Cost	\$ 115,412,268
Accumulated Depreciation	(50,438,329)
Net Depreciated Value of Capital Assets	64,973,939

Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due.

(449,453)

The focus of governmental funds is on short-term financing, therefore delinquent taxes, which will not be available to pay current-period expenditures, are offset by deferred revenues.

159,495

Long-term liabilities are not due and payable in the current period and therefore are not reported as liabilities in the funds. All liabilities, both current and long-term, are reported in the statement of net position.

General Obligation Bonds Payable	(46,475,000)	
Net Unamortized Bond Discount/Premium	(3,377,448)	
Capital Lease Payable	(696,929)	
Compensated Absences Payable	(290,167)	
Net Pension Obligation	(131,398,774)	
Net OPEB Obligation	(7,106,767)	
Severance Payable	(532,094)	(189,877,179)

Deferred outflows and inflows of resources related to pensions and OPEB are applicable to future periods and, therefore, are not reported in the funds.

Deferred Outflows of Resources	80,436,653	
Deferred Inflows of Resources	(3,011,277)	77,425,376

Total Net Position - Governmental Activities \$ (6,476,386)

Repayment of long-term liabilities are reported as an expenditure in		
governmental funds, but the repayment reduces the long-term liabilities on the		
statement of assets. In the current period these amounts consist of:		
Bond Principal Retirement	3,140,000	
Capital Lease Payments	93,641	
Net Amortization of Bond Premium/Discount	621,289	
Net Decrease in Severance Payable	131,152	3,986,082
Governmental funds report District pension contributions as expenditures. In		
the statement of activities, however, the cost of pension benefits earned net of		
employee contributions is reported as pension expense.		
District Pension Contributions	3,011,937	
Cost of Benefits Earned Net of Employee Contributions	(18,643,514)	(15,631,577)

Change in Net Position of Government Activities

NOTE 1 – Summary of Significant Accounting Policies

The financial statements of Independent School District No. 31 have been prepared in conformity with U. S. generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

A. Reporting Entity

The District's policy is to include in the financial statements all funds, departments, agencies, boards, commissions, and other component units for which the District is considered to be financially accountable.

Component units are legally separate entities for which the District (primary government) is financially accountable, or for which the exclusion of the component unit would render the financial statements of the primary government misleading. The criteria used to determine if the primary government is financially accountable for component units include whether or not the primary government appoints the voting majority of the potential component unit's governing body, is able to impose its will on the potential component unit, is in a relationship of financial benefit or burden with the potential component unit, or is fiscally depended upon by the potential component unit.

Based on these criteria, there are no organizations considered to be component units of the District.

Student activities are determined primarily by student participants under the guidance of an adult and are generally conducted outside of school hours. The School Board does have a fiduciary responsibility in establishing broad policies and ensuring that appropriate financial records are maintained for student activities. However, in accordance with *Minnesota Statutes*, the District's School Board has not elected to control or exercise oversight responsibility with respect to the underlying student activities. Accordingly, the student activity accounts are not included in these financial statements.

B. Financial Statement Presentation

The district-wide financial statements (i.e. the Statement of Net Position and the Statement of Activities) display information about the reporting government as a whole. These statements include all the financial activities of the District, except for fiduciary funds. The fiduciary funds are only reported in the Statement of Fiduciary Net Position at the fund financial statement level.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The District does not allocate indirect expenses. Program revenues, include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or capital requirements of a particular function or segment. Operating grants include operating-specific grants. Taxes and other items not properly included among program revenues are reported instead as general revenues.

NOTE 1 – Summary of Significant Accounting Policies (Continued)

The District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available. Depreciation expense that can be specifically identified by function is included in the direct expenses of each function.

As a general rule the District does not engage in inter-fund activities but, if necessary, inter-fund activities will be eliminated from the district-wide financial statements. There was inter-fund activity to eliminate negative cash balances in the Building Construction Fund with the General Fund.

Separate fund financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the district-wide financial statements.

Proprietary funds are used to report business-type activities carried on by a school district. No activities of the District were determined to be of this nature, so no proprietary funds are present in the financial statements.

The fiduciary funds are presented in the fiduciary fund financial statements by type (trust and agency funds). Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the District, these funds are not incorporated into the district-wide statements.

C. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment applied is determined by its measurement focus and basis of accounting. The district-wide and fiduciary funds financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing or related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. The modified accrual basis of accounting recognizes expenses when incurred, except principal and interest on general long-term debt which is recognized when due, and revenue under the following principles:

Property tax revenue is recorded under the intact levy concept, whereby taxes collectible during a calendar year are recorded as revenue in the fiscal year beginning within the year of collection. A portion of the 2016 payable 2017 levy has been recognized as revenue during the current year, as discussed in Note 3.

State aids are recorded as revenue in the fiscal year for which the aids are designated by statute.

Other revenues are recognized when susceptible to accrual, i.e., when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period.

NOTE 1 – Summary of Significant Accounting Policies (Continued)

Description of Funds

The existence of the various District funds has been established by the Minnesota Department of Education, and is accounted for as an independent entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise it assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balance, revenues and expenditures.

GASB Statement No. 34 specifies that the accounts and activities of each of the District's most significant governmental funds (termed "major funds") be reported in separate columns on the fund financial statements. Other non-major funds can be reported in total. A description of the major governmental funds and fiduciary funds in this report are as follows:

Governmental Funds

<u>General Fund</u> – Accounts for all financial resources and transactions relating to the administration, instruction, pupil transportation, and maintenance of the District, which are not accounted for in other District funds.

<u>Debt Service Fund</u> – Accounts for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

<u>Building Construction Fund</u> – Accounts for the acquisition or construction of major capital assets, generally financed through the issuance of general long-term debt.

Fiduciary Funds

<u>Trust Funds</u> – The District is the trustee, or fiduciary, for assets that belong to others. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong.

<u>Post-Employment Benefits Irrevocable Trust Fund</u> – The District is the trustee, or fiduciary, for assets set aside and held in an irrevocable trust arrangement for post-employment benefits. District contributions to this fund are expensed to the General, Food Service or Community Service Funds.

Agency Funds – Account for assets held solely in a custodial capacity.

All of the District's fiduciary activities are reported in a separate Statement of Fiduciary Net Position. We exclude these activities from the district-wide financial statements because the District cannot use these assets to finance its operations.

NOTE 1 – Summary of Significant Accounting Policies (Continued)

Additionally, the District reports the following aggregated non-major funds:

<u>Special Revenue Funds</u> – Accounts for the proceeds of specific revenue sources (other than expendable trust and major capital projects) that are legally restricted to expenditures for specified purposes. The District's special revenue funds and their purposes are as follows:

<u>Food Service Fund</u> – Accounts for all activities associated with the preparation and serving of regular and incidental meals, lunches or snacks in connection with school activities.

<u>Community Service Fund</u> – Accounts for the revenues and expenditures related to recreation, public use of school facilities, non-public pupils, adult education programs, and early childhood and family development.

<u>OPEB Debt Service Fund</u> – Accounts for the accumulation of resources for the payment of OPEB bonds principal, interest and related costs.

D. Assets, Liabilities, Deferred Outflows and Inflows of Resources, Net Position and Fund Balances

<u>Cash and Investments</u> - Cash balances for all funds, including cash equivalents, but excluding fiduciary funds, are maintained on a combined basis and invested, to the extent possible, in allowable investments. The District's general policy is to report money market investments at amortized cost and to report nonparticipating interest-earning investment contracts using a cost-based measure. However, if the fair value of an investment is significantly affected by the impairment of the credit standing of the issuer or by other factors, it is reported at fair value. All other investments are reported at fair value unless a legal contract exists which guarantees a higher value. The term 'nonparticipating' means that the investment's value does not vary with market interest rate changes.

<u>Property Taxes Receivable</u> - represents current and delinquent taxes receivable at June 30, 2017. Current taxes receivable represent real and personal property tax levies certified the previous December and collectible in the current calendar year, which have not been received by the District. Delinquent property taxes receivables are taxes collectible for the prior six calendar years that remain uncollected.

<u>Due From Other Governmental Units</u> - are amounts due from other governmental units that consist of amounts primarily due from the other Minnesota school districts, the Minnesota Department of Education, and from the Federal Government through the Minnesota Department of Education for state and federal aids and grants under various specific programs are reported at estimated amounts based on available information at the date of the report. Adjustments and pro-rations may be made by the applicable agencies based on the amount of funds available for distribution and may result in differing amounts actually being received. The differences between the receivable recorded and the actual amount received will be recognized as a revenue adjustment in the subsequent year. Federal and state revenues are recorded as revenue at the time of receipt or when they are both measurable and available.

NOTE 1 – Summary of Significant Accounting Policies (Continued)

<u>Inventories</u> - consist of purchased food commodities, supplies and donated United States Department of Agriculture (USDA) commodities. Purchased food and supplies are recorded at the lower of cost (first-in, first-out) or market method. The donated USDA commodities are stated at standardized cost as determined by the USDA. Inventories in the General Fund consist of school supplies.

<u>Prepaid Items</u> – Certain payments to venders reflect costs applicable to future accounting periods and are recorded as prepaid items. Prepaid items are recorded as expenditures at the time of consumption.

<u>Capital Assets</u> - are capitalized at historical cost, or estimated historical cost based on an inventory dated June 30, 2002. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The District maintains a threshold level of \$5,000 or more for capitalizing capital assets. The system for accumulation of fixed assets cost data does not provide the means for determining the percentage of assets valued at actual and those valued at estimated cost.

Capital assets are recorded in the district-wide financial statements, but are not reported in the fund financial statements. Capital assets are depreciated using the straight-line method over their estimated useful lives. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public school purpose by the District, no salvage value is taken into consideration for depreciation purposes. Useful lives vary from 20 to 50 years for land improvements and buildings, and 5 to 15 years for equipment.

Capital assets not being depreciated include land and construction in progress, if any.

The District does not possess any material amounts of infrastructure capital assets, such as sidewalks and parking lots. Such items are considered to be part of the cost of buildings or other improvable property.

Unearned Revenue - represents revenues, other than property taxes, collected before they are earned.

<u>Deferred Outflows of Resources</u> – In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to future periods and thus, will not be recognized as an outflow of resources (expense/expenditure) until then. The District has two items that qualifies for reporting in this category. It is the deferred resources related to pensions and other post-employment benefits reported in the government-wide statement of net position.

<u>Deferred Inflows of Resources</u> – In addition to liabilities, statements of financial position or balance sheets will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The District has three types of items which qualify for reporting in this category: property taxes levied for subsequent years, delinquent property taxes receivable, and deferred resources related to pensions.

NOTE 1 – Summary of Significant Accounting Policies (Continued)

The first item is property taxes levied for subsequent year's expenditures, which represent property taxes received or reported as a receivable before the period for which the taxes are levied, and is reported as a deferred inflow of resources in both the government-wide Statement of Net Position and the governmental funds Balance Sheet. Property taxes levied for subsequent year's expenditures are deferred and recognized as an inflow of resources in the government-wide financial statements in the year for which they are levied, and in the governmental fund financial statements during the year for which they are levied, if available.

The second item, unavailable revenue from property taxes, arises under a modified accrual basis of accounting and is reported only in the governmental funds Balance Sheet. Delinquent property taxes not collected within 60 days of year-end are deferred and recognized as an inflow of resources in the governmental funds in the period the amounts become available.

<u>Pensions</u> – For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and the Teachers Retirement Association (TRA) and additions to/deductions from PERA's and TRA's fiduciary net position have been determined on the same basis as they are reported by PERA and TRA.

For PERA's purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

PERA has a special funding situation created by direct aid contributions of \$6,000,000 made by the State of Minnesota to the fund in 2017.

TRA has a special funding situation created by direct aid contributions made by the State of Minnesota, City of Minneapolis and Minneapolis School District. The direct aid is a result of the merger of the Minneapolis Teachers Retirement Fund Association merger into TRA in 2006 and the Duluth Teachers' Retirement fund Association merger into TRA in 2015. Additional information can be found in Note 6.

<u>Net Position</u> - represent the difference between assets, deferred outflows of resources, liabilities and deferred inflows of resources in the district-wide financial statements. Net investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets. Net position is reported as restricted in the district-wide financial statements when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

<u>Fund Balance</u> - The following classifications describe the relative strength of the spending constraints placed on a government's fund balances:

• Nonspendable fund balance – amounts are in a nonspendable form (such as inventory, prepaid items or long-term receivables) or are required to be maintained intact.

NOTE 1 – Summary of Significant Accounting Policies (Continued)

- Restricted fund balance amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- Committed fund balance amounts constrained to specific purposes by the District itself, using its highest level of decision-making authority (i.e., School Board). To be reported as committed, amounts cannot be used for any purpose unless the District takes the same highest level action to remove or change the constraint.
- Assigned fund balance amounts the District intends to use for a specific purpose. Intent can be
 expressed by the School Board or by an official or body to which the School Board delegates the
 authority.
- Unassigned fund balance is the residual classification for the General Fund and also reflects negative residual amounts in other funds.

The School Board establishes (and modifies or rescinds) fund balance commitments by passage of a resolution. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget document as a designation or commitment of the fund (such as for special incentives). Assigned fund balance is established by the School Board through adoption or amendment of the budget as intended for specific purpose (such as the purchase of fixed assets, construction, debt service, or for other purposes).

When both restricted and unrestricted resources are available for use, it is District policy to first use restricted resources then use unrestricted resources as they are needed.

When committed, assigned or unassigned resources are available for use, it is District policy to use resources in the following order; 1) committed, 2) assigned and 3) unassigned.

Fund balance policy requires that at least 10% of the General Fund operating budget is a combination of committed, assigned and unassigned fund balances. If the amount is less than 10% the Board must initiate cost containment measures or seek additional revenue enhancement through increased fees or voter approved operating referendum funding. The current combined amount of \$4,372,703 (including adding back a negative fund balance restricted for long-term facilities maintenance of \$12,103) represents 8.2% of the 2017 General Fund corresponding expenditures of \$52,883,235 and therefore will trigger the actions described above.

The UFARS fund balance reporting standards required by the Minnesota Department of Education are slightly different than the reporting standards under GASB 54, Fund Balance Reporting and Governmental Fund Type Definitions. At June 30, 2017, fund balances are composed of the following and reconcile to UFARS reporting standards as follows:

NOTE 1 – Summary of Significant Accounting Policies (Continued)

E. Compensated Absences

<u>Vacation Pay</u> — Certified staff and certain administrative employees do not receive paid vacations but are paid only for the number of days they are required to work, each in accordance with their respective contracts. Non-certified and other administrative employees are allowed vacation leave in varying amounts. In the event of termination an employee is reimbursed for any unused accumulated leave. Accrued vacation time must be taken within one year after the end of the fiscal year. Compensated absences payable for the amount representing the accumulated vacation payable at June 30, 2017 for these employees is reported in the district-wide financial statements.

<u>Sick Leave and Severance Pay</u> – Employees are allowed to accrue sick leave at varying amounts each year, and accumulate within limits. Employees are not compensated for unused sick leave upon termination of employment. Since the employees accumulating rights to receive compensation for future absences are contingent upon the absences being caused by future illnesses and such amounts cannot be reasonably estimated, a liability for unused sick leave is not recorded in the financial statements.

Upon completion of 15 years of service and notice of retirement for teaching staff and certain other employee groups, unused sick leave is convertible to severance pay upon an employee's retirement. Severance is not granted to an employee who is discharged by the District. See Note 10 for severance liability amount.

NOTE 1 – Summary of Significant Accounting Policies (Continued)

Under the provisions of the various employee and union contracts the District provides health and dental care coverage until age 65 for retirees and if certain age and minimum years of service requirements are met. The amount to be incurred is limited as specified by contract. All premiums paid for active employees are funded on a pay-as-you-go basis. Retiree costs, net of retiree contributions, are funded through an OPEB Irrevocable Trust Fund.

F. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

G. Change in Accounting Principle

During the year ended June 30, 2017, the District implemented GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans and GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. GASB Statement No. 74 replaces GASB Statement No. 43 and addresses the financial reports of defined OPEB plans that are administered through trusts that meet specified criteria. GASB Statement No. 75 addresses reporting by governments that provide OPEB to their employees and replaces GASB Statement No. 45. It requires governments to report a liability on the face of the financial statements for the OPEB they provide, net of any assets accumulated in a trust restricted to making benefit payments.

NOTE 2 – Deposit and Investments

The District's cash and investments are as follows:

	Governmental Activities/ Funds	OPEB Irrevocable Trust Fund	Agency Funds
Pooled Depository Accounts:			
Checking	\$ (176,037)	\$ (371,363)	\$ 245
Savings	102,444	-	-
Student Activity Depository Accounts - Checking and Money Market	-	-	405,148
Pooled Investments - MS DLAF+	15,227,891	-	-
Investment - MSDLAF+ - Retiree Benefit Pool Agency Fund	-	-	214,645
Cash with Fiscal Agent	32,009,764	-	-
Investments with MN Trust and Associated Wealth Management:			
MNTrust Money Market Account	-	452,976	-
Certificates of Deposit		3,039,672	
Total Cash and Investments	\$ 47,164,062	\$ 3,121,285	\$ 620,038

NOTE 2 – Deposit and Investments (Continued)

A. Deposits

<u>Authority</u> - In accordance with *Minnesota Statutes*, the District maintains deposits at those depository banks authorized by the Board. All such depositories are members of the Federal Reserve System. *Minnesota Statutes* require that all District deposits be protected by insurance, surety bond or collateral. The market value of collateral pledged must equal 110% of the deposits not covered by insurance or bonds. Authorized collateral includes treasury bills, notes and bonds; issues of U.S. government agencies; general obligations rated "A" or better, revenue obligations rated "AA" or better; irrevocable standard letters of credit issued by the Federal Home Loan Bank; and certificates of deposit. *Minnesota Statutes* require that securities pledged as collateral be held in safekeeping in a restricted account at the Federal Reserve Bank or in an account at a trust department of a commercial bank or other financial institution not owned or controlled by the financial institution furnishing the collateral.

<u>Custodial Credit Risk</u> - The custodial credit risk for deposits is the risk that in the event of a bank failure, the District's deposits may not be recovered. The District's policy for custodial credit risk is to maintain compliance with *Minnesota Statutes* that require all the District's deposits to be protected by insurance, surety bond, or pledged collateral. The District was not exposed to custodial credit risk on June 30, 2017.

B. Investments

Authority - Minnesota Statutes authorize the District to invest in the following types of investments:

- 1. securities which are direct obligations or are guaranteed or insured issues of the United States, its agencies, its instrumentalities, or organizations created by an act of Congress, except mortgage-backed securities defined as "high risk" by *Minnesota Statutes*;
- 2. mutual funds through shares of registered investment companies provided the mutual fund receives certain ratings depending on its investments;
- 3. General obligations of the State of Minnesota and its municipalities, and in certain state agency and local obligations of Minnesota and other states provided such obligations have certain specified bond ratings by a national bond rating service;
- 4. bankers' acceptances of United States banks;
- 5. commercial paper issued by United States corporations or their Canadian subsidiaries that is rated in the highest quality category by two nationally recognized rating agencies and matures in 270 days or less; and
- 6. with certain restrictions, in repurchase agreements, securities lending agreements, joint powers investment trusts, and guaranteed investment contracts.

NOTE 2 – Deposit and Investments (Continued)

As of June 30, 2017 the District had the following investments:

				Interest Risk -			
	Credit	Risk	Mat	urity Duration in	Years:		_
<u>Investments</u>	Rating	Agency	Less than 1	1 to 3	Ove	er 3	Total
Certificates of Deposit	N/A	N/A	\$ 1,655,818	\$1,383,854	\$	-	\$ 3,039,672
Investment Pool:							
MSDLAF+ - Money Market Accounts	AAAm	S&P					15,442,536
MN Trust - Money Market Accounts	AAAm	S&P					452,976
Total Investments							\$ 18,935,184

MNTrust – MNTrust fund investments are restricted to securities described in *Minnesota Statutes*, Section 118.04. MNTrust's Term Series portfolios are separate portfolios with fixed investment term and a designated maturity. A Term Series Portfolio consists of investments in certificates of deposit, obligations of the U.S. Government, its agencies and instrumentalities, and municipal obligations. These investments are reported at amortized cost.

<u>Minnesota School District Liquid Asset Fund Plus (MSDLAF+)</u> – The MSDLAF+ is an external investment pool not registered with the Securities Exchange Commission (SEC). The fair value of the position in the pool is the same as the value of the pool shares.

<u>Interest Rate Risk</u> – The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from interest rates.

<u>Credit Risk</u> – State law limits investments in general obligations of any state or local government with taxing powers with a rating of "A" or better by a national bond rating service. The District's Municipal Bond investments meet state criteria.

<u>Concentration of Credit Risk</u> – The District places no limit on the amount the District may invest in any one issuer. The District has total investments of \$3,492,648 in the OPEB Irrevocable Trust Fund.

C. Fair Value Measurements

The District uses fair value measurements to record fair value adjustments to certain assets and liabilities and to determine fair value disclosures.

The District follows an accounting standard that defines fair value, establishes a framework for measuring fair value, establishes a fair value, and requires expanded disclosures about fair value measurements. In accordance with this standard, the District has categorized its investments, based on the priority of the inputs to the valuation technique, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quotes prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

NOTE 2 – Deposit and Investments (Continued)

Financial assets and liabilities recorded on the combined statements of financial position are categorized based on inputs to the valuation techniques as follows:

- Level 1 Financial assets and liabilities are valued using inputs that are unadjusted quoted prices in active markets accessible at the measurement date of identical financial assets and liabilities. The inputs include those traded on and active exchange, such as the New York Stock Exchange, as well as U.S. Treasury and other U.S. government and agency mortgage-backed securities that are traded by dealers or brokers in active over-the-counter markets.
- Level 2 Financial assets and liabilities are valued based on quoted prices for similar assets, or inputs that are observable, either directly or indirectly for substantially the full term through corroboration with observable market data.
- Level 3 Financial assets and liabilities are valued using pricing inputs which are unobservable for the asset, inputs that reflect the reporting entity's own assumptions about the assumptions market participants and would use in pricing the asset.

Assets measured at fair value on a recurring basis:

Type	Level 1	Level 2	Level 3	Total
MNTrust Certificates of Deposit	<u>\$</u> -	\$ 3,039,672	\$ -	\$ 3,039,672
Investments Measured at Net Asset	Value (NAV)			15,895,512
				\$ 18,935,184

The MSDLAF+ is an external investment pool (Pool) that is managed to maintain a dollar-weighted average portfolio maturity of no greater that 60 days and seeks to maintain a constant net asset value (NAV) per share of \$1.00.

The District reports its investment in the Pool at the NAV per share, the fair value established by the Pool.

The District's investment in the Pool is included in two share classes, as follows:

			Unfu	ınde d
	Ne	t Asset Value	Commi	itme nts_
MSDLAF+Liquid Class	\$	13,216,593	\$	-
MSDLAF+MAX Class		2,225,943		_

The Liquid Class has no redemption requirements. The MAX Class may not be redeemed for at least 14 days, and a 24 hour hold is placed on redemption requests. Redemptions prior to 14 days may be subject to penalty

NOTE 3 – Property Taxes

The School Board certifies property tax levies in December of each year to Beltrami County for collection in the following year. In Minnesota, counties act as collection agents for all property taxes. The County spreads all levies over assessable property. Such taxes become a lien on January 2, and are recorded as receivables by the District at that date. Property taxes may be paid by taxpayers in two equal installments, on May 15, and October 15. The County provides tax settlements in installments to districts two times a year, on or before June 30 and December 30.

Prior year's taxes, which remain unpaid at June 30, are classified as delinquent taxes receivable and the portion not receivable within 60 days is offset by deferred revenue because they are not available to finance current expenditures.

The maximum amount of property taxes the District may levy is subject to state levy limitations.

The total net tax capacity for levy year 2016 (payable in 2017) was \$33,154,809 with a referendum market value of \$2,484,019,284. The net capacity rate was 20.546% and a school district referendum rate of 0.16292%.

Current property taxes receivable consist of the current tax levy less collection prior to June 30. The current tax levy, net of a state mandated property tax shift, is offset by property taxes levied for subsequent years, a deferred inflow of resources.

NOTE 4 – Due From Other Governmental Units

Amounts due from other governmental units at June 30, 2017 are as follows:

	General Fund	Debt Redemption Fund	Building Construction Fund	Other Governmental Funds	Totals
Other Minnes ota School Districts Minnes ota Department of Education:	\$ 477,250	\$ -	\$ -	\$ -	\$ 477,250
State Aids and Grants	4,617,247	2,553	-	85,113	4,704,913
Federal Aids and Grants	944,674	-	-	77,048	1,021,722
Other Governmental Units	117,734	<u> </u>	313,782	<u> </u>	431,516
Totals	\$ 6,156,905	\$ 2,553	\$ 313,782	\$ 162,161	\$ 6,635,401

NOTE 5 - Capital Assets

Capital asset activity for the year ended June 30, 2017 is as follows:

	Beginning Balance	Additions	Sales and Retirements	Ending Balance
Non-depreciable Capital Assets				
Land	\$ 2,986,214	\$ 600,905	\$ -	\$ 3,587,119
Construction in Progress	3,947,801	3,524,319	2,397,160	5,074,960
Total Non-depreciable Capital Assets	6,934,015	4,125,224	2,397,160	8,662,079
Depreciable Capital Assets:				
Land Improvements	4,005,911	301,851	_	4,307,762
Buildings	87,769,270	3,908,824	2,018,938	89,659,156
Equipment	12,501,619	610,198	328,546	12,783,271
Total Depreciable Capital Assets	104,276,800	4,820,873	2,347,484	106,750,189
Total Capital Assets	111,210,815	8,946,097	4,744,644	115,412,268
Accumulated Depreciation:				
Land Improvements	2,461,924	159,824	-	2,621,748
Buildings	37,596,520	1,813,378	1,460,818	37,949,080
Equipment	9,469,471	674,808	276,778	9,867,501
Total Accumulated Depreciation	49,527,915	2,648,010	1,737,596	50,438,329
Capital Assets, Net of Depreciation	\$ 61,682,900	\$ 6,298,087	\$ 3,007,048	\$ 64,973,939

Depreciation expense was charged to the following program services:

Regular Instruction	\$	55
Vocational Instruction		3,045
Special Education Instruction		8,206
Instructional Support Services		750
Pupil Support Services	53	30,311
Sites and Buildings	2,10	5,643
Total	\$ 2,64	18,010

NOTE 6 – Pension Plans

A. Teachers Retirement Association

Plan Description

The Teachers Retirement Association (TRA) is an administrator of a multiple employer, cost-sharing, defined benefit retirement fund. TRA administers a Basic Plan (without Social Security coverage) and a Coordinated Plan (with Social Security coverage) in accordance with *Minnesota Statutes*, Chapters 354 and 356. TRA is a separate statutory entity and administered by a Board of Trustees. The Board consists of four active members, one retired member, and three statutory officials.

Teachers employed in Minnesota's public elementary and secondary school, charter schools, and certain educational institutions maintained by the state (except those teachers employed by the city of St. Paul, and by the University of Minnesota system) are required to be TRA members. State university, community college, and technical college teachers first employed by the Minnesota State may elect TRA coverage within one year of eligible employment. Alternatively, these teachers may elect coverage through the Defined Contribution Retirement Plan (DCR) administered by Minnesota State.

Benefits Provided

TRA provides retirement benefits as well as disability benefits to members, and benefits to survivors upon death of eligible members. Benefits are established by *Minnesota Statute* and vest after three years of service credit. The defined retirement benefits are based on a member's highest average salary for any five consecutive years of allowable service, age, and a formula multiplier based on years of credit at termination of service.

Two methods are used to compute benefits for TRA's Coordinated and Basic Plan members. Members first employed before July 1, 1989 receive the greater of the Tier I or Tier II as described:

Tier I Benefits:

	Step Rate Formula	Percentage
Basic	First ten years of service	2.2 percent per year
	All years after	2.7 percent per year
Coordinated	First ten years if service years are up to July 1, 2006	1.2 percent per year
	First ten years if service years are July 1, 2006 or after	1.4 percent per year
	All other years of service if service years are up to July 1, 2006	1.7 percent per year
	All other years of service if service years are July 1, 2006 or after	1.9 percent per year

With these provisions:

a) Normal retirement age is 65 with less than 30 years of allowable service and age 62 with 30 or more years of allowable service.

NOTE 6 – Pension Plans (Continued)

- b) 3 percent per year early retirement reduction factor for all years under normal retirement age.
- c) Unreduced benefits for early retirement under a Rule-of-90 (age plus allowable service equals 90 or more).

or

Tier II Benefits

For years of service prior to July 1, 2006, a level formula of 1.7 percent per year for coordinated members and 2.7 percent per year for basic members is applied. For years of service July 1, 2006 and after, a level formula of 1.9 percent per year for Coordinated members and 2.7 for Basic members applies. Beginning July 1, 2015, the early retirement reduction factors are based on rates established under *Minnesota Statute*. Smaller reductions, more favorable to the member, will be applied to individuals who reach age 62 and have 30 years or more of service credit.

Members first employed after June 30, 1989 receive only the Tier II calculation with a normal retirement age that is their retirement age for full Social Security retirement benefits, but not to exceed age 66.

Six different types of annuities are available to members upon retirement. The No Refund Life Plan is a lifetime annuity that ceases upon death of the retiree - no survivor annuity is payable. A retiring member may also choose to provide survivor benefits to a designated beneficiary(ies) by selecting one of the five plans that have survivorship features. Vested members may also leave their contributions in the TRA Fund upon termination of service in order to qualify for a deferred annuity at retirement age. Any member terminating service is eligible for a refund of their employee contributions plus interest.

The benefit provisions stated apply to active plan participants. Vested, terminated employees who are entitled to benefits but not yet receiving them are bound by the plan provisions in effect at the time they last terminated their public service.

Contribution Rate

Per *Minnesota Statutes*, Chapter 354 sets the contribution rates for employees and employers. Rates for each fiscal year were:

	Ending June 30, 2017		Ending Ju	ne 30, 2016
	Employee	Employer	Employee	Employer
Basic	11.0%	11.5%	11.0%	11.5%
Coordinated	7.5%	7.5%	7.5%	7.5%

The following is a reconciliation of employer contributions in TRA's CAFR "Statement of Changes in Fiduciary Net Position" to the employer contributions used in Schedule of Employer and Non-Employer Pension Allocations.

NOTE 6 – Pension Plans (Continued)

Employer contributions reported in TRA's CAFR Statement of Changes in Fiduciary Net Position	\$ 354,961,140
Add employer contributions not related to future contribution efforts	26,356
Deduct TRA's contributions not included in allocation	(442,978)
Total employer contributions	\$ 354,544,518
Total non-employer contributions	<u>35,587,410</u>
Total contributions reported in Schedule of Employer and Non- Employer Allocations	<u>\$ 390,131,928</u>

Amounts reported in the allocation schedules may not precisely agree with financial statement amounts or actuarial valuations due to the number of decimal places used in the allocations. TRA has rounded percentage amounts to the nearest ten thousandths.

Actuarial Assumptions

The total pension liability in the June 30, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement.

Key Methods and Assumptions Used in Valuation of Total Pension Liability

Actuarial Information

Valuation Date	July 1, 2016
Experience Study	June 5, 2015
Actuarial Cost Method	Entry Age Normal

Actuarial Assumptions:

Investment Rate of Return 4.66%, from the Single Equivalent Interest Rate

calculation

Price Inflation 2.75%
Wage Growth Rate 3.5%
Projected Salary Increase 3.5-9.5%
Cost of Living Adjustment 2.0%

Mortality Assumption

Pre-retirement RP-2014 white collar employee table, male rates set

back six years and female rates set back five years. Generational projection uses the MP-2015 scale.

Post-retirement RP-2014 white collar annuitant table, male rates set

back three years and female rates set back three years, with further adjustments of the rates. Generational projection uses the MP-2015 scale.

Post-disability RP-2014 disabled retiree mortality table, without

adjustments.

NOTE 6 – Pension Plans (Continued)

The long-term expected rate of return on pension plan investments was determined using a buildingblock method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

		Long-Term Expected
Asset Class	Target Allocation	Real Rate of Return
Domestic Stocks	45%	5.50%
International Stocks	15%	6.00%
Bonds	18%	1.45%
Alternative Assets	20%	6.40%
Unallocated Cash	<u>2%</u>	0.50%
Total	100%	

The TRA actuary has determined the average of the expected remaining service lives of all members for fiscal year 2016 is 6 years. The "Difference Between Expected and Actual Experience," "Changes of Assumptions," and "Changes in Proportion" use the amortization period of 6 years in the schedule presented. The amortization period for "Net Difference Between Projected and Actual Investment Earnings on Pension Plan Investments" is over a period of 5 years as required by GASB 68.

Discount Rate

The discount rate used to measure the total pension liability was 4.66 percent. This is a decrease from the discount rate at the prior measurement date of 8.00 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the fiscal 2017 contribution rate, contributions from school districts will be made at contractually required rates (actuarially determined), and contributions from the state will be made at current statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be depleted in 2052 and, as a result, the Municipal Bond Index Rate was used in the determination of the Single Equivalent Interest Rate (SEIR). The long-term expected rate of return was applied to periods before 2052 and the Municipal Bond Index Rate of 3.01 percent was applied to periods on and after 2052, resulting in a SEIR of 4.66 percent. Based on Fiduciary Net Position at prior year measurement date, the discount rate of 8.00 percent was used and it was not necessary to calculate the SEIR.

NOTE 6 – Pension Plans (Continued)

Net Pension Liability

On June 30, 2017, the District reported a liability of \$114,753,829 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's contributions to TRA in relation to total system contributions including direct aid from the State of Minnesota, City of Minneapolis, and Minneapolis School District. District proportionate share was 0.4811% at the end of the measurement period and 0.4951% for the beginning of the year.

The pension liability amount reflected a reduction due to direct aid provided to TRA. The amount recognized by the District as its proportionate share of the net pension liability, the direct aid, and total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of net pension liability	\$ 114,753,829
State's proportionate share of the net pension liability	
associated with the District	11,518,510

There was a change in actuarial assumptions that affected the measurement of the total pension liability since the prior measurement date. Post-retirement benefit adjustments are now assumed to remain level at 2.0 percent annually. While in the previous measurement the COLA increased to 2.5 percent in 2034.

For the year ended June 30, 2017, the District recognized pension expense of \$16,795,559. It also recognized \$1,608,370 as an increase to pension expense for the support provided by direct aid.

On June 30, 2017 the District had deferred resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,201,152	\$ 3,488
Changes in actuarial assumptions	65,489,502	-
Net difference between projected and actual earnings on plan investments	4,936,120	-
Changes in proportion	165,858	766,190
Contributions paid to TRA subsequent to the measurement date	1,995,673	- 7(0 (79
Total	\$ 73,788,305	\$ 769,678

NOTE 6 – Pension Plans (Continued)

\$1,995,673 reported as deferred outflows of resources related to pensions resulting from District contributions to TRA subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. Other amounts reported as deferred outflows of resources and (deferred inflows of resources) related to TRA pensions will be recognized in pension expense as follows:

2018	\$ 14,082,440
2019	14,082,436
2020	15,770,101
2021	14,506,379
2022	12,581,598

Pension Liability Sensitivity

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 4.66 percent as well as the liability measured using one percent lower and one percent higher.

District proportionate share of NPL

1 percent decrease	Current	1 percent increase
(3.66%)	<u>(4.66%)</u>	<u>(5.66%)</u>
\$147,831,614	\$114,753,829	\$87,813,052

The District's proportion of the net pension liability was based on the employer contributions to TRA in relation to TRA's total employer contributions including direct aid contributions from the State of Minnesota, City of Minneapolis, and Minneapolis School District.

Pension Plan Fiduciary Net Position

Detailed information about the plan's fiduciary net position is available in a separately-issued TRA financial report. That report can be obtained at www.MinnesotaTRA.org, by writing to TRA at 60 Empire Drive, Suite 400, St. Paul, MN, 55103-4000; or by calling 651-296-2409 or 800-657-3669.

B. Public Employees Retirement Association

Plan Description

The District participates in the following cost-sharing multiple-employer defined benefit pension plans administered by the Public Employees Retirement Association (PERA). PERA's defined benefit pension plans are established and administered in accordance with *Minnesota Statutes*, Chapters 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401 (a) of the Internal Revenue Code.

NOTE 6 – Pension Plans (Continued)

General Employees Retirement Plan (General Employees Plan, (accounted for in the General Employees Fund))

All full-time and certain part-time employees other than teachers of the District are covered by the General Employees Plan. General Employees Plan members belong to the Coordinated Plan. Coordinated Plan members are covered by Social Security.

Local Government Correctional Plan (accounted for in the Correctional Fund)

The Correctional Plan was established for correctional officers serving in county and regional corrections facilities. Eligible participants must be responsible for the security, custody, and control of the facilities and their inmates.

Benefits Provided

PERA provides retirement, disability, and death benefits. Benefit provisions are established by State Statute and can only be modified by the state legislature.

Benefit increases are provided to benefit recipients each January. Increases are related to the funding ratio of the plan. Members in plans that are at least 90% funded for two consecutive years are given 2.5% increases. Members in plans that have not exceeded 90% funded, or have fallen below 80%, are given 1% increases.

The benefit provisions stated in the following paragraphs of this section are current provisions and apply to active plan participants. Vested, terminated employees who are entitled to benefits but are not receiving them yet are bound by the provisions in effect at the time they last terminated their public service.

General Employees Plan Benefits

General Employees Plan benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated Plan members. The retiring member receives the higher of a step-rate benefit accrual formula (Method 1) or a level accrual formula (Method 2). Under Method 1, the annuity accrual rate for a Coordinated Plan member is 1.2% of average salary for each of the first ten years and 1.7% for each remaining year. Under Method 2, the annuity accrual rate is 1.7% for Coordinated Plan members for each year of service. For members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989 normal retirement age is the age for unreduced Social Security benefits capped at 66.

Correctional Plan Benefits

Benefits for Correctional Plan members hired after June 30, 2010, vest on a prorated basis from 50% after five years up to 100% after ten years of credited service. The annuity accrual rate is 1.9% of average salary for each year of service in the plan. For Correctional Plan members who were first hired prior to July 1, 1989, a full annuity is available when age plus years of service equal at least 90.

NOTE 6 – Pension Plans (Continued)

Contributions

Minnesota Statutes Chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state legislature.

General Employees Fund Contributions

Coordinated Plan members were required to contribute 6.5% of their annual covered salary in fiscal year 2017; the District was required to contribute 7.50% for Coordinated Plan members. The District's contributions to the General Employees Fund for the year ended June 30, 2017 were \$1,006,222. The District's contributions were equal to the required contributions for each year as set by State Statue.

Correctional Fund Contributions

Plan members were required to contribute 5.83% of their annual covered salary and the District contributed 8.75% of pay for plan members in fiscal year 2017. The District contributions to the Correctional Fund for the year ended June 30, 2017, were \$10,042. The District's contributions were equal to the required contributions as set by State Statue.

General Employees Fund Pension Costs

At June 30, 2017, the District reported a liability of \$16,425,757 for its proportionate share of the General Employees Fund's net pension liability. The District's net pension liability reflected a reduction due to the State of Minnesota's contribution of \$6 million to the fund in 2017. The State of Minnesota is considered a non-employer contributing entity and the state's contribution meets the definition of a special funding situation. The State of Minnesota's proportionate share of the net pension liability associated with the District totaled \$214,482. The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2015, through June 30, 2016, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2016, the District's proportion was 0.2023%, which was a decrease of .0050% from its proportion measured as of June 30, 2015.

For the year ended June 30, 2017, the District recognized pension expense of \$1,796,605 for its proportionate share of the General Employees Plan's pension expense. In addition, the District recognized an additional \$63,953 as pension expense (and grant revenue) for its proportionate share of the State of Minnesota's contribution of \$6 million to the General Employees Fund.

NOTE 6 - Pension Plans (Continued)

At June 30, 2017, the District reported its proportionate share of General Employees Plan's deferred outflows of resources and deferred inflows of resources from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 53,756	\$ 1,347,000
Changes in actuarial assumptions	3,577,173	26,466
Net difference between projected and actual earnings on plan investments	1,820,489	-
Changes in proportion	-	859,841
Contributions paid to PERA subsequent to the measurement date	1,006,222	-
Total	\$ 6,457,640	\$ 2,233,307

\$1,006,222 reported as deferred outflows of resources related to pensions resulting from District contributions to subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

2018	\$	851,708
2019		467,363
2020	1	1,305,712
2021		593,328

Correctional Plan Pension Costs

At June 30, 2017, the District reported a liability of \$219,188 for its proportionate share of the Correctional Plan's net pension liability. The net pension liability was measured as of June 30, 2016 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's contributions received by PERA during the measurement period for the employer payroll paid dates from July 1, 2015, through June 30, 2016, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2016, the District's proportion was .06%, there was no change from its proportion measured as of June 30, 2015.

For the year ended June 30, 2017, the District recognized pension expense of \$51,351 for its proportionate share of the Correctional Plan's pension expense.

NOTE 6 – Pension Plans (Continued)

At June 30, 2017, the District reported its proportionate share of the Correctional Plan's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Outfl	erred ows of ources	Inflo	ferred ows of ources
Differences between expected and actual experience	\$	172	\$	3,166
Changes in actuarial assumptions		139,649		5,126
Net difference between projected and actual earnings on plan investments		15,074		-
Contributions paid to PERA subsequent to the				
me as ure me nt date		10,042		
Total	\$	164,937	\$	8,292

\$10,042 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. Other amounts reported as deferred outflows and inflows of resources related to the PECF will be recognized in pension expense as follows:

2018	\$ 41,361
2019	47,289
2020	53,247
2021	4,706

Actuarial Assumptions

The total pension liability in the June 30, 2016 actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.50% per year
Active Member Payroll Growth	3.25% per year
Investment Rate of Return	7.50%

NOTE 6 – Pension Plans (Continued)

Salary increases were based on a service-related table. Mortality rates for active members, retirees, survivors and disabilitants were based on RP 2014 tables for the General Employees Plan and RP-2000 tables for the Correctional Plan males or females, as appropriate, with slight adjustments. Cost of living benefit increases for retirees are assumed to be: 1% per year for all future years for the General Employees Plan and 2.5% for all years for the Correctional Plan.

Actuarial assumptions used in the June 30, 2016 valuation were based on the results of actuarial experience studies. The most recent four-year experience study in the General Employees Plan was completed in 2015. Experience studies have not been prepared for the Correctional Plan, but assumptions are reviewed annually.

The following changes in actuarial assumptions occurred in 2016:

General Employees Fund

- The assumed post-retirement benefit increase rate was changed from 1.0% per year through 2035 and 2.5% per year thereafter to 1.0% per year for all future years.
- The assumed investment return was changed from 7.9% to 7.5%. The single discount rate was changed from 7.9% to 7.5%.
- Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed future salary increases, payroll growth, and inflation were decreased by .25% to 3.25% for payroll growth and 2.5% for inflation.

Correctional Fund

- The assumed investment return was changed from 7.9% to 7.5%. The single discount rate changed from 7.9% to 5.31%.
- The assumed future salary increases, payroll growth, and inflation were decreased by .25% to 3.25% for payroll growth and 2.50% for inflation.

The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness of the long-term expected rate of return on a regular basis using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

		Long-Term Expected
Asset Class	Target Allocation	Real Rate of Return
Domestic Stocks	45%	5.50%
International Stocks	15%	6.00%
Bonds	18%	1.45%
Alternative Assets	20%	6.40%
Cash	2%	0.50%
Total	<u>100%</u>	

NOTE 6 – Pension Plans (Continued)

Discount Rate

The discount rate used to measure the total pension liability in 2016 was 7.50%, a reduction from the 7.9% used in 2015. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at rates set in *Minnesota Statute*. Based on these assumptions, the fiduciary net position of the General Employees Fund was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

In the Correctional Fund, the fiduciary net position was projected to be available to make all projected future benefit payments of current plan members through June 30, 2058. Beginning in fiscal year ended June 30, 2059 for the Correctional Fund, when projected benefit payments exceed the funds' projected fiduciary net position, benefit payments were discounted at the municipal bond rate of 2.85% based on an index of 20-year general obligation bonds with an average AA credit rating at the measurement date. An equivalent single discount rate of 5.31% for the Correctional Fund was determined that produced approximately the same present value of projected benefits when applied to all years of projected benefits as the present value of projected benefits using 7.50% applied to all years of projected benefits through the point of asset depletion and 2.85% after.

Pension Liability Sensitivity

The following presents the District's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

	1% Decrease in Discount <u>Rate (6.5%)</u>	Discount Rate (7.5%)	1% Increase in Discount Rate (8.5%)
District's proportionate share of the General Employees Fund net pension liability:	\$23,329,442	\$16,425,757	\$10,743,362
	1% Decrease in Discount Rate (4.31%)	Discount <u>Rate</u> (5.31%)	1% Increase in Discount Rate (6.31%)
District's proportionate share of the Correctional Fund net pension liability:	\$330,030	\$219,188	\$132,655

NOTE 6 – Pension Plans (Continued)

Pension Plan Fiduciary Net Position

Detailed information about each defined benefit pension plan's fiduciary net position is available in a separately-issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the Internet at www.mnpera.org.

NOTE 7 – Other Post-Employment Benefits

The District's has engaged an actuary to determine the District's liability for post-employment healthcare benefits other than pensions and its plan is as follows:

Plan Description

The District operates a single employer retiree benefit plan for both health and dental insurance in which retiring employees and their spouses may participate in at their expense. Retiring employees are eligible to participate only if they are a participant in the Districts health and dental insurance at the time of retirement. As of July 1, 2015, there are 846 active participants and 53 retired participants. The retired employees are responsible for reimbursing the District for 100% of the premium cost for their health and dental plans. If a retiree chooses to drop their participation in either plan they are not able to return to the plan. Upon the death of a retiree the retiree's spouse can continue participation only if the spouse was covered under the plan at the time of the retirees death.

Contributions

OPEB benefits have historically been funded on a pay-as-you-go basis since the irrevocable trust fund was set up, pre-funding the benefits. The District has not established a contribution requirement or policy as of June 30, 2017 and therefore, no actuarially determined contributions has been calculated.

Investments

Investment policy – The District's policy in regard to the allocation of invested assets is established and may be amended by the Board of Education. Since inception of the irrevocable trust, the target asset allocation policy has been 95% invested in fixed income and 5% invested in cash.

Rate of Return – For the year ended June 30, 2017, the annual money-weighted rate of return on OPEB plan investments, net of plan investment expense was 2.40 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

NOTE 7 – Other Post-Employment Benefits (Continued)

Net OPEB Liability

The District's net OPEB liability was measured as of June 30, 2017; the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of July 1, 2015. The components of net OPEB liability as of June 30, 2017 were as follows:

Total OPEB liability	\$ 10,293,909
Plan fiduciary net position	 (3,187,142)
Net OPEB liability	\$ 7,106,767

Plan fiduciary net position as a percentage of the total OPEB liability 30.96%

Actuarial Assumptions – The total OPEB liability in the July 1, 2015 valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation 2.50%

Salary increases 3.00%, including inflation

Investment rate of return 2.40%, net of investment expenses

Healthcare cost trend rates 7.00% in 2017 grading to 5.00% over 8 years

Mortality rates were based on the RP-2014 White Collar Mortality Tables with MP-2015 Generational Improvement Scal.

The long-term expected rate of return on OPEB plan investments was set based on the plan's target investment allocation along with long-term return expectations by asset class. When there is sufficient historical evidence of market outperformance, historical average returns may be considered. The target allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic equity	-	-
Fixed income	95.00%	2.50%
Private equity	-	-
Real estate	-	-
Cash	5.00%	1.00%
Total	100.00%	2.40%

Discount Rate – The discount rate used to measure the total OPEB liability was 3.30%. Assets were projected using the expected benefit payments and the expected asset returns. Expected benefit payments by year were discounted using the expected asset return assumption for years in which the assets were sufficient to pay all benefit payments. Any remaining benefit payments after the trust fund is exhausted are discounted at the 20-year municipal bond rate. The equivalent single rate is the discount rate.

NOTE 7 – Other Post-Employment Benefits (Continued)

Changes in the Net OPEB Liability

Changes in the District's net OPEB liability were as follows:

	Plan Total OPEB Fiduciary Liability Net Position (a) (b)				Net OPEB Liability (a) - (b)	
Balance at June 30, 2016, as restated	\$	10,106,740	\$	3,506,562	\$	6,600,178
Changes for the year:						
Service cost		591,706		-		591,706
Interest		340,849		-		340,849
Contributions - employer		_		374,023		(374,023)
Net investment income		_		51,943		(51,943)
Benefit payments		(745,386)		(745,386)		
Net changes		187,169		(319,420)		506,589
Balance at June 30, 2017	\$	10,293,909	\$	3,187,142	\$	7,106,767

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate – The following presents the District's net OPEB liability, as well as what the District's net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.30%) or 1 percentage point higher (4.30%) than the current discount rate:

	1% Decreas (2.30%)	e Discount Rate (3.30%)	1% Increase (4.30%)	
Net OPEB liability	\$ 7,700,21	5 \$ 7,106,767	\$ 6,529,810	

Sensitivity of the Net OPEB Liability to Changes in Healthcare Trend Rates – The following presents the District's net OPEB liability, as well as what the District's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower (6.00% decreasing to 4.00%) or 1 percentage point higher (8.00% decreasing to 6.00%) than the current healthcare cost trend rates:

	Healthcare Cost			
	1% Decrease (6.00% decreasing to 4.00%)	Trend Rates (7.00% decreasing to 5.00%)	1% Increase (8.00% decreasing to 6.00%)	
Net OPEB liability	\$ 6,345,964	\$ 7,106,767	\$ 7,998,222	

NOTE 7 – Other Post-Employment Benefits (Continued)

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2017, the District recognized OPEB expense of \$854,841. At June 30, 2017, the District reported a deferred outflow of resources related to OPEB from the following:

	Deferi	red Outflows
	of Resources	
Difference between projected and		
actual investment earnings on		
OPEB plan assets	\$	25,771

Amounts reported as deferred outflows of resources will be recognized in OPEB expense as follows:

Year ending June 30,	
2018	\$ 6,443
2019	6,443
2020	6,443
2021	6,442

OPEB Liability Roll Forward

July 1, 2015 is the actuarial valuation date upon which the total OPEB liability is based. The result was rolled forward using standard actuarial techniques to the measurement date. The roll forward calculation adds the normal cost (also called the service cost) and interest cost and subtracts the benefits paid for the 24 months following. If applicable, actuarial gains and losses arising from the benefit changes, the differences between estimates and actual experience, and changes in assumption or other inputs are reconciled to the OPEB liability as of the measurement date. This procedure was used to determine the total OPEB liability as of June 30, 2017.

NOTE 8 – Operating Leases

The District has entered into operating lease agreements for facilities as follows:

			Annual
Lessee	Program	End Date	Rent
Beltrami County	ECFE & ECSE	June 30, 2018	\$ 115,434
Nonprofit entity	Boys & Girls Hockey	June 30, 2018	29,900
Bemidji State University	Facilities Lease	August 31, 2018	40,000
Midway Properties	AEC, Home Based EC, Sober School	May 31, 2021	66,875

NOTE 8 – Operating Leases (Continued)

The District is also committed under various non-cancelable operating leases, for equipment, primarily copiers. Future minimum operating lease commitments are as follows:

Year Ending June 30,	Buildings	_Copiers/Equipment_	Total
2018	\$ 224,487	\$ 237,000	\$ 461,487
2019	66,875	237,000	303,875
2020	66,875	237,000	303,875
2021	61,325	237,000	298,325
2022	<u>-</u> _	237,000	237,000
	\$ 419,562	\$ 1,185,000	\$ 1,604,562

NOTE 9 - Capital Leases

A summary of changes in the capital leases is a follows:

	eginning Balance	Addi	itions	•	ments and otractions	Ending Balance
Wells Fargo Bank John Deere Financial	\$ 764,934 25,636	\$	- -	\$	68,005 25,636	\$ 696,929
Total Capital Leases	\$ 790,570	\$		\$	93,641	\$ 696,929

The District's capital lease assets total \$1,230,774 with accumulated depreciation of \$198,011.

The payments on the capital leases are accounted for in the General Fund. The annual requirements to amortize the capital leases at June 30, 2017 are as follows:

Fiscal	Lease Lease		
Year Ended	Principal	Interest	Total
2018	\$ 71,732	\$ 36,747	\$ 108,479
2019	75,665	32,813	108,478
2020	79,814	28,665	108,479
2021	84,191	24,288	108,479
2022	88,807	19,672	108,479
2023-2025	296,720	28,717	325,437
Totals	\$ 696,929	\$ 170,902	\$ 867,831

NOTE 10 - Long-Term Liabilities

A summary of changes in long-term liabilities is as follows:

	Beginning Balance		Payments and	Ending	Current	Amounts
	As Restated	Additions	Retirements	Balance	Principal	Interest
General Obligation Bonds:	200					
2009A Taxable OPEB Bonds	\$ 3,730,000	\$ -	\$ 335,000	\$ 3,395,000	\$ 355,000	\$ 181,840

General obligation bonds are comprised of the following individual issues at June 30, 2017:

\$4,950,000 General Obligation Taxable OPEB Bonds, Series 2009A, issued on July 15, 2009, with interest rates ranging from 5.00% to 5.750%. Interest payments commence on February 1, 2010 and are due each February 1 and August 1 thereafter through year 2025. Principal payments commence on February 1, 2013 and each year thereafter through 2025 in amounts ranging from \$285,000 to \$505,000.

\$17,180,000 General Obligation Refunding Bonds, Series 2013A, issued on February 26, 2013 with interest rates ranging from 3.50% to 4.50%. Interest payments commence on October 1, 2013 and are due each April 1 and October 1 thereafter through April 2019. Principal payments commence on April 1, 2014 and each year thereafter through 2019 in amounts ranging from \$2,625,000 to \$3,090,000.

\$36,280,000 General Obligation School Building Bonds, Series 2015A, issued on December 17, 2015, with interest rates ranging from 2.50% to 5.00%. Interest payments commence on October 1, 2016 and are due each April 1 and October 1 thereafter through year 2036. Principal payments commence on April 1, 2020 and each year thereafter through 2036 in the amounts ranging from \$980,000 to \$2,895,000.

NOTE 10 - Long-Term Debt (Continued)

\$765,000 General Obligation School Building Bonds, Series 2015B, issued on December 17, 2015, with an interest rate of 2.00%. Interest payments commence on October 1, 2016 and are due each April 1 and October 1 thereafter through year 2020. Principal balloon payment is due on April 1, 2020 in the amount of \$765,000.

The annual requirements to amortize the general obligation bonds at June 30, 2017 are as follows:

Fis cal	Bond	Bond	
Year Ended	Principal	Interest	Total
2018	\$ 3,300,000	\$ 1,919,040	\$ 5,219,040
2019	3,460,000	1,754,040	5,214,040
2020	2,135,000	1,581,040	3,716,040
2021	2,030,000	1,496,850	3,526,850
2022	2,135,000	1,394,325	3,529,325
2023-2027	10,945,000	5,627,638	16,572,638
2028-2032	11,550,000	3,414,125	14,964,125
2033-2036	10,920,000	1,055,700	11,975,700
Totals	\$ 46,475,000	\$18,242,758	\$ 64,717,758

General obligation bonds of the District are reflected in the district-wide financial statements and current requirements for principal and interest expenditures of the 2013A, 2015A and 2015B bond issues are paid out of the debt service fund. The current requirements for principal and interest expenditures of the 2009A OPEB bond issue are accounted for in a separate debt service fund.

There are a number of limitations and restrictions contained in the various general obligation bond indentures. The District is in compliance with all significant limitations and restrictions and there were no authorized and un-issued bonds at June 30, 2017.

Severance payable is the estimated accrued liability of the present value of benefits earned as of the June 30, 2017. The District engaged an actuary that provided an estimate of the accrued liability of present value benefits as of July 1, 2015. Estimated additions and subtractions from that estimate have occurred since that date.

NOTE 11 - Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; and natural disaster. The District carries various commercial insurance policies covering workers' compensation personal property, commercial liability and automobile liability. There were no significant reductions in insurance from the previous year. The amount of settlements did not exceed insurance coverage for the past three fiscal years.

NOTE 12 - Commitments and Contingencies

The District participates in numerous State and Federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collection of any related receivable at June 30, 2017 may be impaired. In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying combined financial statements for such contingencies.

At June 30, 2017, the District had uncompleted construction contracts. The remaining commitment on these construction contracts was approximately \$20,997,876.

NOTE 13 – Inter-fund Balances

As of June 30, 2016, the District had an inter-fund balance of \$59,946 due to the General Fund from the Building Construction Fund. The purpose of the balance is to eliminate the cash deficit in the Building Construction Fund. The balance is eliminated in the government-wide financial statements.

NOTE 14 – Stewardship, Compliance and Accountability

Expenditures in Excess of Budget

Actual expenditures exceeded budget for the year ended June 30, 2017 in the following fund:

	Budget	Actual	Variance
General Fund	\$ 63,212,047	\$ 64,733,529	\$ 1,521,482

The above overage was considered by school management to be the result of necessary expenditures critical to operations and was approved by the school board.

NOTE 15 – Restatement of Net Position

Effective July 1, 2016 the District implemented GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans and GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. As a result of this implementation, the District has restated previously reported net position in the governmental activities decreasing it \$8,734,959.

NOTE 15 – Restatement of Net Position (Continued)

The District determined that special education aid deferred for future years should have been revenue in fiscal year 2016. This increases fund balance in the General Fund and net position in the governmental activities by \$1,086,255.

The District determined that an accounts payable entry should not have been reversed in the prior year. The reversing entry caused expenditures to be recorded twice. This results in fund balance increasing in the General Fund and net position in governmental activities by \$184,700.

A reconciliation of prior period ending net position and fund balance to the current year beginning net position and fund balance is as follows:

	Beginning Fund Balance/		Implementation of GASB 74 &		Unearned	Accounts	Beginning Fund Balance/Net Position	
					Revenue	Payable		
	N	et Position		GASB 75	Correction	Correction		as Restated
General Fund	\$	6,808,512	\$	-	\$ 1,086,255	\$ 184,700	\$	8,079,467
Governmental Activities		13,995,470		(8,734,959)	1,086,255	184,700		6,531,466

NOTE 1 – Budgetary Data

Budgets are prepared for District funds on the same basis and using the same accounting practices as are used to account and prepare financial reports for the funds. Budgets presented in this report for comparison to actual amounts in accordance with accounting principles generally accepted in the United States of America.

Legal Compliance – Budgets

- The Superintendent submits to the School Board a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them for all funds of the District. However, the General and Special Revenue Funds are the only funds that are legally adopted through the budgetary process as documented below.
- The budget is legally enacted through passage of a School Board resolution by July 1.
- The School Board may authorize transfer of budgeted amounts between funds.
- Formal budgetary integration is employed as a management control device during the year for the General and Special Revenue Funds. Formal budgetary integration is not employed for the Debt Service Fund because effective budgetary control is alternatively achieved through general obligation bond indenture provisions. Budgetary controls are not employed for the Fiduciary Funds.
- General and Special Revenue Funds expenditures may not legally exceed budgeted appropriations at the total fund level without School Board approval. Monitoring of budgets is maintained at the expenditure category level.

NOTE 2 – Stewardship, Compliance and Accountability

Expenditures in Excess of Budget

Actual expenditures exceeded budget for the year ended June 30, 2017 in the following fund:

	Budget	Actual	Variance
General Fund	\$ 63,212,047	\$ 64,733,529	\$ 1,521,482

The above overage was considered by school management to be the result of necessary expenditures critical to operations and was approved by the school board.

NOTE 3 - Pensions

TRA

2016 Changes

Changes in Actuarial Assumptions

The Discount rate decreased from 8.00% to 4.66%.

The COLA was not assumed to increase for funding or the GASB calculation. It remained at 2% for all future years.

The price inflation assumption was lowered from 3% to 2.75%.

The general wage growth and payroll growth assumptions were lowered from 3.75% to 3.5%.

The merit scale of the salary increase assumption changed from 3.5-12% to 3.5-9.5%.

The pre-retirement mortality assumption was changed to the RP 2014 white collar employee table, male rates set back six years and female rates set back five years. Generational projection uses the MP 2015 scale.

The post-retirement mortality assumption was changed to the RP 2014 white collar annuitant table, male rates set back three years and female rates set back three years, with further adjustments of the rates. Generational projection uses the MP 2015 scale.

The post-disability mortality assumption was changed to the RP 2014 disabled retiree mortality table, without adjustment.

Separate retirement assumptions for members hired before or after July 1, 1989, were created to better reflect each group's behavior in light of different requirements for retirement eligibility.

Assumed termination rates were changed to be based solely on years of service in order to better fit the observed experience.

Adjustment and simplification of the assumption regarding the election of optional form of annuity payment at retirement were made.

2015 Changes

Changes Plan Provisions

The Duluth Teachers Retirement Fund Association was merged into TRA on June 30, 2015.

NOTE 3 – Pensions (Continued)

Changes of Assumptions

The annual COLA for the June 30, 2015, valuation assumed 2.0%. The prior year valuation used 2.0% with an increase to 2.5% commencing in 2034. The discount rate used to measure the total pension liability was 8.0%. This is a decrease from the discount rate at the prior measurement date of 8.25% Details, if necessary, can be obtained from the TRA CAFR.

PERA – General Employees Fund

2016 Changes

Changes of Assumptions

The assumed post-retirement benefit increase rate was changed from 1.0% per year through 2035 and 2.5% per year thereafter to 1.0% per year for all future years.

The assumed investment return was changed from 7.9% to 7.5%. The single discount rate was changed from 7.9% to 7.5%.

Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed future salary increases, payroll growth, the inflation were decreased by 0.25% to 3.25% for payroll growth and 2.5% for inflation.

2015 Changes

Changes in Plan Provisions

On January 1, 2015, the Minneapolis Employees Retirement Fund was merged into the General Employees Fund, which increased the total pension liability by \$1.1 billion and increased the fiduciary plan net position by \$892 million. Upon consolidation, state and employer contributions were revised.

Changes in Actuarial Assumptions

The assumed post-retirement benefit increase rate was changed from 1.0% per year through 2030 and 2.5% per year thereafter to 1.0% per year through 2035 and 2.5 per year thereafter.

PERA – Correctional Fund

2016 Changes

Changes of Assumptions

The assumed investment return was changed from 7.9% to 7.5%. The single discount rate was changed from 7.9% to 5.31%.

The assumed future salary increases, payroll growth, the inflation were decreased by 0.25% to 3.25% for payroll growth and 2.5% for inflation.

Note 4 – Other Postemployment Benefits

2015 Changes

Changes of Assumptions

The discount rate was changed from 3.00% to 3.30%.

Method Change

The actuarial cost method was changed from projected unit credit to entry age as prescribed by GASB 74/75.

Schedule of District Contributions

The District has not established a contribution requirement or policy as of June 30, 2017 and therefore, no actuarially determined contribution has been calculated. As a result, a Schedule of District Contributions is not presented.

INDEPENDENT SCHOOL DISTRICT NO. 31 BEMIDJI, MINNESOTA NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS JUNE 30, 2017

NOTE 1 - Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of Independent School District No. 31 and is presented on the modified accrual basis of accounting. The information in this schedule in presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirement, Cost Principles, and Audit Requirements for Federal Awards. Therefore, some amounts in this schedule may differ from amounts presented in, or used in the preparation of the financial statements.

NOTE 2 - Child Nutrition Cluster

Cash receipts from the U. S. Department of Agriculture through the Minnesota Department of Education are included in revenues from federal sources. It is assumed that federal funds are expended first.

NOTE 3 - Food Donation Program

Program regulations do not require the District to maintain separate inventory records for purchased food and food received from the U.S. Department of Agriculture. This non-monetary assistance (expenditures) is reported in the Schedule at the fair market value of the commodities received.

NOTE 4 - Matching Requirements

Certain Federal programs require that the District contribute non-federal funds (matching funds) to support the Federally-funded programs. The District has complied with the matching requirements. The expenditure of non-Federal matching funds is not included on the Schedule.

NOTE 5 - Pass-through Entities

All pass-through entities listed above use the same CFDA numbers as the federal grantors to identify these grants, and have not assigned any additional identifying numbers.

NOTE 6 – Indirect Cost Rate

The District has not elected to use the 10 percent de Minimis indirect cost rate as allowed under the Uniform Guidance.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH THE MINNESOTA LEGAL COMPLIANCE AUDIT GUIDE FOR SCHOOL DISTRICTS

The Board of Education Independent School District No. 31 Bemidji, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 31 – Bemidji, Minnesota as of and for the year ended June 30, 2017, and the related notes to the financial statements, and have issued our report thereon dated December 14, 2017.

The Minnesota Legal Compliance Audit Guide for School Districts, promulgated by the State Auditor pursuant to Minnesota Statutes §6.65, contains seven categories of compliance to be tested: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and uniform financial accounting and reporting standards for school districts. Our audit considered all of the listed categories.

In connection with our audit, nothing came to our attention that caused us to believe that Independent School District No. 31 – Bemidji, Minnesota failed to comply with the provisions of the *Minnesota Legal Compliance Audit Guide for School Districts*. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the Independent School District No. 31 – Bemidji, Minnesota's noncompliance with the above referenced provisions.

The purpose of this report is solely to describe the scope of our testing of compliance and the results of that testing, and not to provide an opinion on compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Board of Education Independent School District No. 31 Bemidji, Minnesota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 31 – Bemidji, Minnesota, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise Independent School District No. 31 – Bemidji, Minnesota's basic financial statements, and have issued our report thereon dated December 14, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Independent School District No. 31 – Bemidji, Minnesota's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Independent School District No. 31 – Bemidji, Minnesota's internal control. Accordingly, we do not express an opinion on the effectiveness of Independent School District No. 31 – Bemidji, Minnesota's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Independent School District No. 31 – Bemidji, Minnesota's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

The Board of Education Independent School District No. 31 Bemidji, Minnesota

Report on Compliance for Each Major Federal Program

We have audited Independent School District No. 31 – Bemidji, Minnesota's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Independent School District No. 31 – Bemidji, Minnesota's major federal programs for the year ended June 30, 2017. Independent School District No. 31 – Bemidji, Minnesota's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Independent School District No. 31 – Bemidji, Minnesota's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Independent School District No. 31 – Bemidji, Minnesota's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Independent School District No. 31 – Bemidji, Minnesota's compliance.

Opinion on Each Major Federal Programs

In our opinion, Independent School District No. 31 – Bemidji, Minnesota complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

Report on Internal Control Over Compliance

Management of Independent School District No. 31 – Bemidji, Minnesota, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Independent School District No. 31 – Bemidji, Minnesota's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Independent School District No. 31 – Bemidji, Minnesota's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purposes described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify a certain deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item 2017-001, that we consider to be a significant deficiency.

Independent School District No. 31 – Bemidji, Minnesota's response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Independent School District No. 31 – Bemidji, Minnesota's response was not subjected to the auditing procedures applied in the audit of compliance, and accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Miller McDonald, Onc. December 14, 2017 Bemidji, Minnesota

INDEPENDENT SCHOOL DISTRICT NO. 31 BEMIDJI, MINNESOTA SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2017

I. SUMMARY OF AUDITOR'S RESULTS

- 1.) An unmodified opinion on the financial statements was issued.
- 2.) There were no significant deficiencies in internal control reported on the audit of the financial statements and no deficiencies were identified as a material weakness.
- 3.) The audit did not disclose any noncompliance which was material to the financial statements.
- 4.) One significant deficiency in internal control over compliance relating to the audit of the major federal award programs was reported in the *Independent Auditor's Report on Compliance for Each Major Program and on Internal Control Over Compliance Required by the Uniform Guidance*.
- 5.) An unmodified opinion on compliance for major federal award programs was issued.
- 6.) Audit findings that are required to be reported in accordance with 2 CFR Section 200.516(a) are reported in this schedule.
- 7.) Major programs:

Child Nutrition Cluster

Indian Education – Grants to Local Education

Agencies

CFDA No. 10.553, 10.555 & 10.559

CFDA No. 84.060

- 8.) A \$750,000 threshold was used to distinguish between Type A and Type B programs.
- 9.) Independent School District No. 31 did qualify as a low-risk auditee.
- II. FINDINGS RELATED TO FINANCIAL STATEMENTS AUDITED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS.

INTERNAL CONTROL

None

III. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARD PROGRAMS

INTERNAL CONTROL

<u>Finding 2017-001 – Indian Education – Grants to Local Educational Agencies, CFDA 84.060 – Time</u> and Effort reporting and allocation.

Condition

We reviewed documentation for the allocation of payroll costs to the grant. The time and effort reports for one employee did not agree to the costs recorded against the grant.

INDEPENDENT SCHOOL DISTRICT NO. 31 BEMIDJI, MINNESOTA SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2017

Criteria

Transactional documentation should agree to the accounting records.

Effect

Costs reported are subject to disallowance and refund to the Department of Education.

Cause

Control procedures to reconcile and adjust accounting records to the employees' time and effort documentation were not properly executed.

Context

The population consisted of 7 employees. We tested 6 employees, which covered 99% of the wages charged to the grant.

Recommendation

We recommend that the District execute proper control procedures to ensure accounting records agree to documentation. Periodic reconciliation should be completed to verify accounting records are properly stated.

Management's Response – Corrective Action Plan

Explanation of Disagreement with Audit Finding

There is no disagreement with the audit finding. The wage cost for one employee was adjusted and allocated to Federal Indian Ed during the school year. Supporting documentation was not completed to reflect this adjustment. All other program documentation was completed accurately and timely.

Actions Planned in Response to Finding

Accounting records will be reconciled periodically to ensure that they agree to time and effort documentation.

Official Responsible for Ensuring CAP Implementation

Chris J. Leinen, Business Manager.

Planned Completion of CAP

Immediately.

INDEPENDENT SCHOOL DISTRICT NO. 31 BEMIDJI, MINNESOTA SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2017

Plan to Monitor Completion of CAP

Continued periodical reconciliation of accounting records to time and effort documentation.

COMPLIANCE

None

QUESTIONED COSTS

None

INDEPENDENT SCHOOL DISTRICT NO. 31 BEMIDJI, MINNESOTA SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS YEAR ENDED JUNE 30, 2017

<u>Finding 2016-001 – Written Internal Control Policy – CFDA No. 84.060 – Indian Education – Grants</u> to Local Educational Agencies and CFDA No. 84.027 & 84.173 – Special Education Cluster

Condition

The District did not demonstrate the implementation of written policies and procedures over all compliance requirements and specifically for procurement that outline the following steps: 1. All purchases need a purchase request, 2. Having approval for purchases according to procedures, 3. Having a purchase order for all purchases according to procedures, 4. Authorized signatures and dates for approval and payments for purchases.

Current Status

Resolved.

<u>Finding 2016-002 – Indian Education – Grants to Local Educational Agencies, CFDA 84.060 – Inadequate allocation of allowable costs.</u>

Condition

The District did not originally calculate and allocate allowable costs correctly to Indian Education – Grants to Local Educational Agencies federal award program (CFDA 84.060). Once discovered by the auditor an adjustment was proposed by the District to eliminate the unallowed costs and correcting the coding resulting in no known questioned costs.

Current Status

Resolved.

<u>Finding 2016-003 – Special Education Cluster, CFDA 84.027 and 84.173 – Inadequate documentation of procurement.</u>

Condition

The District did not demonstrate the implementation of procedures in place to ensure the procurement paid with Special Education funds are (1) an eligible cost based on the needs of students with disabilities as identified in the students' IEP, or (2) was an eligible cost of Special Education based on the needs of students with disabilities.

Current Status

Resolved.

INDEPENDENT SCHOOL DISTRICT NO. 31 BEMIDJI, MINNESOTA SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS YEAR ENDED JUNE 30, 2017

<u>Finding 2016-004 – Special Education Cluster, CFDA 84.027 and 84.173 – Cost incurred before Period of Performance.</u>

Condition

During the testing of non-payroll disbursement testing, one transaction was discovered where the costs were incurred prior to the period of performance.

Current Status

Resolved.
