

Rev. 11/5/19 Access test for ELs: Jan. 27-Mar. 21, 2020. Bemidji: Feb. 10-28.
Grade 1, 2, 3, 4-5, 6-8, 9-12

Colleen & Alexis: I set this up to start 2 weeks later to avoid some bad weather since last year's ACCESS lasted 2X longer due to snowstorms, cold, bad weather, late starts, etc. Also, I don't want to test students during their lunch or recess, so most students need to test in the AM this year based upon their schedules, and thus I have some open PM times to do makeup testing or teach. In addition, all JW Smith students need to be tested separately due to their grade level groups. I have Central students at Central and I have to walk over St. Philip students to Central since their internet won't let us test there (I think the IP address being out of district prevents St. P students being tested there). So this is ready to post online. I didn't schedule testing on Valentine's PM. Sorry it took so long. Email me if you have any questions. Vickie Wangberg
